Grand-Guignol Cinema and the Horror Genre Mario DeGiglio-Bellemare, 2023-02-14 Grand Guignol Cinema and the Horror Genre traces important contributions of the Parisian Grand Guignol theatre's Golden Age as theoretical considerations of embodiment and affect in the development of horror cinema in the twentieth century This study traces key components of the Grand Guignol stage as a means to explore the immersive and corporeal aspects of horror cinema from the sound period to today The book is a means to explore the Grand Guignol not only as a historical place and genre but also theoretically as a conceptual framework that opens up an affective mapping of Grand Guignol attractions in cinema This study's restoration of a long Grand Guignol tradition in cinema makes it a significant contribution to new theorizations of horror It brings seemingly disparate traditions into conversation as American Canadian French and Italian cinema are all important sites for thinking through cinematic embodiment These four countries have developed their own important genres and movements of Grand Guignol cinema the slasher the French Films of Sensation Canadian body horror and the giallo The Grand Guignol famously operated in a dead end of Chaptal Street in the Pigalle district of Paris this study offers affective and corporeal readings that open up new byways beyond the dead end of psychoanalytic readings that continues to be dominant in horror genre scholarship
