[Piece of Me](#) Rachel Lavalley,2014-07-20 A snippet of the life of a teenage girl from 8th 11th grade in the form of poetry and short stories I use writing to sort situations so that they make sense to me I've read these poems countless times to myself trying to come to terms with the way a friend left me disappointed how a theatre company filled me with so much joy the magnificence of nature the irony that we are just like the people whom we most dislike why I am the way I am and why other people are the way that they are Through writing I have discovered the amazing thing about art the artist can take a terrible situation and mold it into an expression of beauty

Words Barbara Martin-Collette,2019-08-08 Allowing words to be used as a GPS device one could travel from a positive position of a compass to a negative position of one The top of the compass can be compared to the words that encourage one to build his or her dreams Positive words can have the same effect as a traffic light The green light allows one to proceed in the direction in which one wishes to travel A direction full of prosperity encouragement and strong determination that will help one reach his or her destiny The bottom of the

compass could be compared to the use of negative words which could destroy one's dreams, hopes or ambition. Negative words have the same effect as a knife being thrust into one's back or a bullet shot into someone's heart. Be careful how you choose your words. You can either tear someone down or help build them up.
