Your Child:

You and Your Child's Psychotherapy Michael Weiner, Les Gallo-Silver, 2015-04-16 Weiner and Gallo Silver guide parents through the steps of therapy emphasizing their vital role and how they can contribute to the success of their child's treatment. With the end goal of creating a partnership between parents and therapists, *You and Your Child's Psychotherapy* provides a practical and easy-to-follow roadmap to the progression of therapy, helping parents become more involved and teaching them what to expect.

Nurturing Your Child's Math and Literacy in Pre-K-Fifth Grade Mary Mueller, Alisa Hindin, 2016-11-23 With recent changes in the curriculum and standards in language arts and mathematics, parents often are challenged to find ways to help their children be successful in their learning endeavors. While parents want to be involved in their children's education, they are often unsure of their role in their children's learning and the best ways to help their children to succeed academically. Moreover, with the changes in how math and literacy are being taught, parents often struggle with helping even first-grade children with their homework. In this book, we set out to alleviate this struggle by offering parents a resource they can use to navigate their child's education, communicate with teachers, and support their children in learning mathematics and literacy. After providing an overview of the current educational climate and tips for communication with teachers, we share strategies and suggestions parents can use to assist their children in language arts and mathematics. We provide detailed descriptions of activities, games, books, and conversations that connect with what children will be learning at each grade level.

10 Steps to Reducing Your Child's Anxiety on the Autism Spectrum Michelle Garnett, Dr. Anthony Attwood, Louise Ford, Julia Cook, Stefanie Runham, 2020-05-21 Recognising, expressing, and understanding emotions helps young children make sense of their life experiences. Children diagnosed with autism can have significant difficulties with recognising and processing emotions, which can lead to high levels of anxiety as they struggle to make sense of the unpredictable world around them. The Fun with Feelings programme is designed to help parents support their children with emotional regulation and to decrease anxiety. This guide is structured around 10 stages. The initial four stages prepare parents to implement the programme with their child. These stages help parents understand the causes of anxiety and provide practical strategies for creating a toolbox to reduce anxiety. The final six stages are used in conjunction with *Having Fun with Feelings on the Autism Spectrum: A CBT Activity Book for Kids Age 4-8*, allowing parents to support their child while working through the activity book. Written by world-leading experts in the field, *10 Steps to Reducing Your Child's Anxiety on the Autism Spectrum* provides the steppingstones for parents of young children with autism to better understand their child's emotional skill set and empower them to understand and articulate their feelings.
