## **The Avatar:**

**The Avatar** Poul Anderson, 1980      **The Avatar Television Franchise** Francis M. Agnoli, 2022-12-29 Nickelodeon's Avatar: The Last Airbender (2005-08) and its sequel The Legend of Korra (2012-14) are among the most acclaimed and influential U.S. animated television series of the 21st century. Yet despite their elevated status, there have been few academic works published about them. *The Avatar Television Franchise: Storytelling, Identity, Trauma, Fandom, and Reception* remedies this gap by bringing together a wide range of scholarly writings on these shows. This edited collection is comprised of 13 chapters organized into 4 sections featuring close readings of key episodes, analyzing how they create meaning as well as illustrating how established theories can guide those readings. Some chapters explore different theories relating to identity as well as considering the repercussions of depicting real-world identities in these shows, while others examine the various manifestations of trauma throughout the franchise as well as illustrate different scholarly approaches to the topic. Still others utilize fan studies to understand the myriad ways viewers have responded to and interpreted the Avatar franchise.

What is the Avatar? Rune Klevjer, 2022-10-07 What are the characteristic features of avatar-based singleplayer videogames from Super Mario Bros to Grand Theft Auto? Rune Klevjer examines this question with a particular focus on issues of fictionality and realism and their relation to cinema and Virtual Reality. Through close-up analysis and philosophical discussion, Klevjer argues that avatar-based gaming is a distinctive and dominant form of virtual self-embodiment in digital culture. This book is a revised edition of Rune Klevjer's pioneering work from 2007, featuring a new introduction by the author and afterword by Stephan Günzel, Jörg Sternagel, and Dieter Mersch.      **American Industries**, 1913      The Scarlet Empire

Scientists have created Avatars, bodies designed to look like the planet's alien inhabitants that have to be operated by a human consciousness. Walking in his Avatar body, Jake finds himself drawn to the planet's way of life. But as the threat of war grows ever closer, Jake finds himself torn between his human roots and the new friends he wants to protect.
