Suid,2015-01-13 *Guts and Glory The Making of the American Military Image in Film* is the definitive study of the symbiotic relationship between the film industry and the United States armed services Since the first edition was published nearly two decades ago the nation has experienced several wars both on the battlefield and in movie theatres and living rooms at home Now author Lawrence Suid has extensively revised and expanded his classic history of the mutual exploitation of the film industry and the military exploring how Hollywood has reflected and effected changes in America s image of its armed services He offers in depth looks at such classic films as *Wings Thirty Seconds Over Tokyo The Longest Day Patton Top Gun An Officer and a Gentleman and Saving Private Ryan* as well as the controversial war movies *The Green Berets M A S H the Deer Hunter Apocalypse Now Platoon Full Metal Jacket and Born on the Fourth of July*      **American Machinist** ,1905      **The Octopus Has Three Hearts** Rachel Rose,2021-04-24 To the outside world Roxanne seems terribly lonely her husband Earl has passed away and her daughter Linda was murdered What people don t understand is that Earl and Linda are still keeping Roxanne company reincarnated in the forms of a wiener dog and standard poodle But this relationship not idyllic it s true but at least relatively harmonious is disrupted when Roxanne accidentally hits a pit bull with her car On the precipice of having the dog put down she recognizes the eyes of her daughter s killer Helmut Should she choose retribution or forgiveness This is the highly original set up of *You re Home Now* the opening story in Rachel Rose s debut work of fiction These are clever engaging stories with a compelling link the characters generally living on the fringes of society for some reason or another all have better relationships with animals than with other humans There s a diverse range of creatures with stories featuring a parrot an octopus rats a chameleon a pig Francis Bacon deer and bats as well as the more traditional dogs and a pair of kittens named Yin and Yang The stories in *The Octopus Has Three Hearts* combine vivid characters and original premises with Rose s trademark combination of whimsy and irony to explore universal elements of the human condition from parenthood to sexuality identity

to fidelity It is a collection that will appeal to animal lovers readers of literary fiction and anyone looking for their place to belong

**Guts & Glory** Lawrence H. Suid, 1978 An excellent contribution to the growing studies on American films and to the war film genre in particular The author defines war movies as those in which combat or its influence are central although military movies in which military men are portrayed in training or preserving peace are also considered Within these definitions Suid selects several dozen films from The Big Parade 1925 to Apocalypse Now and uses them to develop his main themes the image of the military presented to mass audiences and the related question of the military's assistance to film makers The relationship between Washington and Hollywood that emerges will be a disappointment for anyone seeking confirmation of conspiracy The Pentagon is always looking for positive portrayals of the services and the military's chief concern has been for accuracy in detail and procedure with increasing sensitivity to any costs to taxpayers The author concludes that as long as movies can portray individual bravery perseverance or the excitement of challenging death in personal combat they will maintain their special place in American homes and theaters
