KRISHNAMURTI, ABOUT THE BOOK This series of six talks given by Krishnamurti in Madras in 1979 80 marks a departure from his usual style of exposition Usually in the opening talk he would dwell first on the problems of the world and then on the psycho logical factors underlying them But here he starts straightaway with the most ancient quest of man to find that which is sacred Man must have asked a million years ago from the beginning of time if there is a reality if there is a truth if there is something timeless something that cannot be measured by man And that inquiry that seed is still with us And during these talks we are going to find out whether it is possible for that seed to grow and flower multiply and cover the earth These and other statements such as Sorrow is like the shadow of our life Meditation can never be premeditated make this book essential reading for those who wish to understand the religious spirit that suffuses the whole of Krishnamurti s teachings **The Collected Works of J. Krishnamurti: 6 Volumes** Jiddu Krishnamurti, 2007 **Report of the ... Meeting** ANZAAS (Association), 1910 *The Collected Works of J. Krishnamurti (Vol-II)* Jiddu Krishnamurti, 2007-01-01 Until the end of his life at the age of ninety Krishnamurti the world teacher traveled the world speaking as a private person The rejection of all spiritual and psychological authority including his own is a fundamental theme A major concern is the social structure and how it conditions the individual The emphasis in his talks and writings is on the psychological barriers that prevent clarity of perception Because his subject is all embracing the Collected Works which are in 18 Volumes are of compelling interest Within his talks in any one year Krishnamurti was not able to cover the whole range of his vision but broad amplifications of particular themes are found throughout these volumes In them he lays the foundations of many of the concepts he used in later years The Collected Works contain Krishnamurti s previously published talks discussions answers to specific questions and writings for the years 1933 through 1967 They are an authentic record of his teachings taken from transcripts of verbatim shorthand reports and tape recordings Jiddu Krishnamurti was born in 1895 of Brahmin Parents in South India At the age of fourteen he was proclaimed the coming World Teacher by Annie Besant then President of the Theosophical Society an international organization that emphasized the unity of world religions

Mrs Besant adopted the boy and took him to England where he was educated and prepared for his coming role In 1911 a new worldwide organization was formed with Krishnamurti as its head solely to prepare its members for his advent as World Teacher In 1929 after many years of questioning himself and the destiny imposed upon him Krishnamurti disbanded this organization saying Truth is a pathless land and you cannot approach it by any path whatsoever by any religion by any sect Truth being limitless unconditioned unapproachable by any path whatsoever cannot be organized nor should any organization be formed to lead or to coerce people along any particular path My only concern is to set men absolutely unconditionally free Until the end of his life at the age of ninety Krishnamurti traveled the world speaking as a private person The rejection of all spiritual and psychological authority including his own is a fundamental theme A major concern is the social structure and how it conditions the individual The emphasis in his talks and writings is on the psychological barriers that prevent clarity of perception In the mirror of relationship each of us can come to understand the content of his own consciousness which is common to all humanity We can do this not analytically but directly in a manner Krishnamurti describes at length In observing this content we discover within ourselves the division of the observer and what is observed He points out that this division which prevents direct perception is the root of human conflict His central vision did not waver after 1929 but Krishnamurti strove for the rest of his life to make his language even more simple and clear There is a development in his exposition From year to year he used new terms and new approaches to his subject with different nuances Because his subject is all embracing the Collected Works are of compelling interest Within his talks in any one year Krishnamurti was not able to cover the whole range of his vision but broad amplifications of particular themes are found throughout these volumes In them he lays the foundations of many of the concepts he used in later years The Collected Works contain Krishnamurti's previously published talks discussions answers to specific questions and writings for the years 1933 through 1967 They are an authentic record of his teachings taken from transcripts of verbatim shorthand reports and tape recordings The Krishnamurti Foundation of America a California charitable trust has among its purposes the publication and distribution of Krishnamurti books videocassettes films and tape recordings The production of the Collected Works is one of these activities *Report of Meeting ANZAAS (Association), 1910* *Bulletin* Krishnamurti Foundation, 1999 **Report of the ... misunderstanding and therefore the conflict and thereby the suffering and the pain An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form
