The Creole

J Dewey

The Creole:

Imagining the Creole City Rien Fertel, 2014-11-17 In the early years of the nineteenth century the burgeoning cultural pride of white Creoles in New Orleans intersected with America's golden age of print to explosive effect. *Imagining the Creole City* reveals the profusion of literary output: histories and novels, poetry and plays that white Creoles used to imagine themselves as a unified community of writers and readers. Rien Fertel argues that Charles Gayarr's English language histories of Louisiana, which emphasized the state's dual connection to America and to France, provided the foundation of a white Creole print culture predicated on Louisiana's exceptionalism. The writings of authors like Grace King, Adrien Rouquette, and Alfred Mercier consciously fostered an image of Louisiana as a particular social space and of themselves as the true inheritors of its history and culture. In turn, the forging of this white Creole identity created a close-knit community of cosmopolitan Creole elites who reviewed each other's books, attended the same salons, crusaded against the popular fiction of George Washington Cable, and worked together to preserve the French language in local and state governmental institutions. Together they reimagined the definition of Creole and used it as a marker of status and power. By the end of this group's era of cultural prominence, Creole exceptionalism had become a cornerstone in the myth of Louisiana in general and of New Orleans in particular. In defining themselves, the authors in the white Creole print community also fashioned a literary identity that resonates even today.

The American Decisions, 1910

The Haiti Reader Laurent Dubois, Kaiama L.

Glover, Nadève Ménard, Millery Polyné, Chantalle F. Verna, 2020-01-20 While Haiti established the second independent nation in the Western Hemisphere and was the first black country to gain independence from European colonizers, its history is not well known in the Anglophone world. *The Haiti Reader* introduces readers to Haiti's dynamic history and culture from the viewpoint of Haitians from all walks of life. Its dozens of selections, most of which appear here in English for the first time, are representative of Haiti's scholarly, literary, religious, visual, musical, and political cultures and range from poems, novels, and political tracts to essays, legislation, songs, and folk tales. Spanning the centuries between precontact indigenous Haiti and the aftermath of the 2010 earthquake, the Reader covers widely known episodes in Haiti's history, such as the U.S. military occupation and the Duvalier dictatorship, as well as overlooked periods such as the decades immediately following Haiti's second independence in 1934. Whether examining issues of political upheaval, the environment, or modernization, *The Haiti Reader* provides an unparalleled look at Haiti's history, culture, and politics.
