The Crystal Shogun:

The Crystal Shogun Philip Thorpe, 1995 *The Crystal Bowl of Life* Flora Annie Steel, Elsie Kathleen Seth-Smith, Petya Lehmann, The lives of two great men of the time are here presented in two separate novels by two authors The first one is Zahir ud din Mahomed commonly called Babar or Babur Emperor of India the first of the dynasty of the Great Moghuls He was a poet painter soldier athlete gentleman musician beggar and King He lived the most adventurous life a man ever lived in the end of the fifteenth the beginning of the sixteenth centuries and he kept a record of it Babar brought with him into India his own religion the Islam He was very powerful and profoundly soulful *The Crystal Bowl of Life* is the promise of the Fullness of Life of love joy and happiness and of sorrow and death The second great man of this book is St Francis Xavier who was a pioneering Roman Catholic missionary and co founder of the Society of Jesus commonly called Jesuits He was known as the Apostle of the Indies as he was ordered by the King of Portugal Joam III to restore Christianity among the Portuguese settlers there He achieved much more than that Two civilisations introduce themselves almost at the same time into India It is exciting to discover in what fashion and to what purpose *The Shogun's Silver Telescope* Timon Screech, 2020 The story of two extraordinary gifts from King James I of England to the Shogun of Japan and what this tells us about says about the seventeenth century England from which they came and the quizzical Asian rulers to whom they were given *Along the Samurai's Route* Jorge Orpianesi, 2022-10-27 *Along the Samurai's Route* with its 9 maps and more than 200 photographs invites the reader to go on a journey into the geography and history of Japan Dare to travel the Land of the Rising Sun with the help of an experienced martial artist who will act as a guide while recounting the incredible experiences of his journey Following the life of the famous warrior Miyamoto Musashi the author will discover the iconic places of samurai culture and its most deeply rooted traditions This book is a journey back in time where he shares his experiences in sacred places such as temples shrines castles museums cemeteries forests battlefields and even the climb of mythical Mount Fuji This inspirational adventure which started as a dream and took many years to prepare places the reader both neophyte and experienced closer to the culture of this mysterious country *The Shogun's Daughter* Robert Ames Bennet, 1910 My first cruise as a midshipman in the navy of the United States began a short month too late for me to share in the honors of the Mexican War In other words I came in at the foot of the service with all the grades above me fresh stocked with comparatively young and vigorous officers As a consequence the rate of promotion was so slow that the Summer of 1851 found me at the age of twenty four still a middie with my lieutenantcy ever receding like a will o the wisp into the future Had I chosen a naval career through necessity I might have continued to endure But to the equal though younger heir of one of the largest plantations in South Carolina the pay of even a post captain would have been of small concern It is therefore hardly necessary to add that I had been lured into the service by the hope of winning fame and glory *The Cruise of Her Majesty's Ship "Bacchante", 1879-1882: The East Prince Albert Victor (Duke of Clarence and Avondale), George V (King of*

Shogun's Ghost Ken Schoolland, 1990-09-21 In most accounts of the struggle for economic supremacy between the United States and Japan the inferiority of the United States education system is continually pointed out Here Ken Schoolland who taught in Japan at the college level tells a different story about Japanese education Schoolland gives a first person account of a side of Japanese education rarely seen in the West Having spent five years teaching in a Japanese university he writes of pervasive problems with the system of lower level colleges unruly classrooms where discipline is a myth and cheating is a fact of daily life Schoolland uses this new knowledge to redefine what he terms the new cold war between United States and Japanese systems of education Schoolland begins by sharing his experiences as a professor at a Japanese university He then explores some of the attitudes on education that are typical of publications that seem to be fueling a race between the economic superpowers He describes some of the changing relevant characteristics of Japanese society and how these shape the education system Turning up the dark side of Japanese education Schoolland elaborates on punishments in the schools and reveals the challenge that has come forth against physical punishment the debate over students rights court battles and models of leadership Finally Schoolland shows the extent of student violence in the schools he dissects the myth of Japan as unified harmonious homogeneous society and reaches into Japanese history to show the roots of group responsibility in Japanese society
