Tibetan Reflections:

Reflections of Mind Tarthang Tulku,1975 Pioneers in the healing professions offer essays based on personal encounters with Tarthang Tulku *In the Mirror of Memory* Janet Gyatso,1992-01-01 This book studies the diverse array of species of memory in Buddhism Contributors focus on a particular school group of texts terms or practices and identify a considerable range of types of mnemonic faculties in Buddhism Included are discussions of Buddhist teaching meditation visualization prayer commemoration of the Buddha dharma practice the use of mnemonic lists to condense lengthy scriptures and the purported recollection of infinite previous lives that immediately preceded Sakyamuni's attainment of Buddhahood Even enlightened awareness itself is said by some Buddhist schools to consist in a mnemonic engagement with reality as such The authors explore Buddhist views on mundane acts of memory such as recognizing reminding memorizing and storing data as well as special types of memory that are cultivated in religious practice One of the most striking discoveries is that perception is intimately related to certain types of memory Several essays investigate if and if so how meditative mindfulness and recollection of the past both of which can be designated by the term *smṛti* are connected within the Buddhist tradition The question of whether recollection of the past can be explained without violating the foundational Buddhist notions of radical impermanence and no self is addressed by several of the contributing scholars Among the primary sources for the studies in this volume are the northern and southern Abhidharma literature the *Māhāvastu* Pāli and *Mahāvastu* works of the Buddhist logicians *Yogācāra* materials the Tibetan Great Perfection *Rdzogschen* tradition and Indian and Tibetan commentarial works Affinities of Buddhist views on memory with those found in Western phenomenology semiology psychology and history of religions are considered as well Reflections on Tibetan Culture Lawrence Epstein,Richard Sherburne,1990 Includes essays on Tibetan geography history language philosophy and monasticism *Live in a Better Way* Dalai Lama,2002-04-02 Imbued with a friendly tone and pithy wisdom this handsome handbook to approaching life in a better way includes six of His Holiness The Dalai Lama's most accessible and inspirational public lectures Following each talk are the original question and answer sessions in which His Holiness opens himself up to his listeners and now to readers everywhere His characteristically candid guidance on living fully and responsibly especially at the start of a new millennium focuses on specific themes that range from religious tolerance to compassion and nonviolence The book also includes a practical and highly readable introduction to Buddhism and The Dalai Lama's own spiritual heritage written by the renowned Lama Thubten Zopa Rinpoche Glimpse After Glimpse Sogyal Rinpoche,2009-10-13 New from the bestselling author of *The Tibetan Book of Living and Dying* 365 thought provoking meditations on life death doubt mindfulness compassion wisdom work and more **Little Lhasa** Tsering Namgyal,2006 **Tibetan Reflections** Peter Gold,1984 Reflections on Tibetan Culture Lawrence Epstein,1990 *Awaken Every Day* Thubten Chodron,2019-06-18 Daily dharma teachings on compassion wisdom mindfulness and joy ideal for creating moments of peace and reflection in our chaotic world *Awaken*

Every Day shares a quick dose of everyday wisdom encouraging us to understand the true causes of our suffering and the paths to freedom These insightful reflections help us understand our minds our connections to our communities and how to become the people we aspire to be *Silent Mind Holy Mind* Lama Yeshe,2024-01-24 The celebration of Christmas focuses on our longing for peace and deepest expression of love Its essential spirit therefore appeals not only to Christians but to all people Until recently the Buddhism of Tibet has been largely shrouded in mystery But as its teachers or lamas have more and more contact with the West they confirm the fundamental unity of the human family In this book Lama Yeshe a highly respected Tibetan lama trained in the lineages of compassion and wisdom shows how the modern spirit can be revitalized Taking as his major focus the ways in which we customarily celebrate Christmas Lama Yeshe exposes the foibles of our secular age and shows how we can surmount them With the warmth and humor that have endeared him to so many he takes a clear look at the ways we think The relevance of these insights is refreshing First published in 1978 by Wisdom Publications the book has been out of print for many years With the kind permission of Wisdom s director Daniel Aitken LYWA has created the second edition which includes the original collection of talks given by Lama Yeshe at Kopan Monastery on Christmas Eve as well as another Christmas talk and a Cistercian priest s tribute to Lama after he passed away in 1984

Histories of Tibet Kurtis Schaeffer, William McGrath, Jue Lang, 2023-07-25. The thirty-four essays in this volume follow the particular interests of Leonard van der Kuijp, whose groundbreaking research in Tibetan intellectual and cultural history imbued his students with an abiding sense of curiosity and discovery. As part of Leonard van der Kuijp's research in Tibetan history, as he patiently and expertly revealed treasures of the Tibetan intellectual tradition in fourteenth-century Tsang or seventeenth-century Lhasa or eighteenth-century Amdo, he developed an international community of colleagues and students. The thirty-four essays in this volume follow the particular interests of the honoree and express the comprehensive research that his international cohort have engaged in alongside his generous tutelage over the course of forty years. He imbued his students with the abiding sense of curiosity and discovery that can be experienced through every one of his writings, and that can be found as well in these new essays in intellectual, cultural, and institutional history by Christopher Beckwith, the late Hubert Decleer, Franz Karl Ehrhard, Jörg Heimbel, and David Jackson. Isabelle Henrion, Dourcy Nathan Hill, Matthew Kapstein, Kurtis Schaeffer, Michael Witzel, Allison Aitken, Yael Bentor, Pieter Verhagen, Todd Lewis, William McGrath, Peter Schwieger, Gray Tuttle, and others.

Reflections in a Mirror Charlie Singer, 2011-09-07. This distillation of important doctrines of Tibetan Buddhism includes a presentation of the four reflections that change the mind: bodhicitta, emptiness, the nature of mind, and Dzogchen. Also explores the nature of human embodiment and the apparitional nature of the world with Buddha nature as the common thread. A thought-provoking study. This certainly is in the tradition of the wise ones. From the Foreword by Ven. Lama Pema Wangdak.
