Tickly Under There:

Summers in Squid Tickle Robert Finch, 2025-06-17 An acclaimed nature writer's moving recollection of his two decades as a summer resident of a Newfoundland fishing village originally known as Squid Tickle. Robert Finch arrived in Newfoundland in the summer of 1995, heartsick, directionless, his old life on Cape Cod in tatters. Burnside, located in Newfoundland's rugged northeast, seemed like a good place to heal. The coastal village was home to just fifty year-round residents and accessible only by a hundred-mile ferry crossing. Finch was drawn in by the landscape of low ridges and archipelagos of rocky islands, but he returned to Burnside for its strong sense of community and the possibility that it might provide a new pattern for his own life. Eventually, Finch became a summer resident, buying a house, playing organ for the church, and fishing the area's waters. Offering a portrait of the Newfoundland character and culture, *Summers in Squid Tickle* explores how three generations of the village have grappled with the changes of the past century, from the rise and collapse of commercial cod fishing and the migration of young people away from the outport to the distant hope for tourism and new industries to sustain a disappearing way of life. With characteristically elegant prose and deep sensitivity, Finch introduces us to Squid Tickle's inhabitants: a collection of hardy fishermen, vigorous retirees, and close neighbors, as well as the woman who would become his wife. Even as the fish in Squid Tickle's waters vanish, Finch sketches the enduring relationship of a village with the sea, for food, work, leisure, and a rich community life in the midst of an unforgiving but stunning landscape. *Summers in Squid Tickle* speaks to the desire we all have in our era to seek quiet and to reevaluate our connection to each other and the natural world.

ZAP: Confessions of a Channel Changer Simon P, 2012-07-13 Dr. Heinrich Gautier, former Director, Psychiatric Services, Lilac Hills Institute, has released the journal written by Simon P while undergoing intensive non-interventionist therapy. He may be criticised by some colleagues for releasing the journal, but that is a risk he is prepared to take because he believes it is vital that others learn from all that transpired during the time that Simon P spent in therapeutic care. He wants others to see how, given little more than a self-appropriate medium and minimal guidance, clients can use intensive non-interventionist therapy to jolt themselves out of memory lapses, denial, and psychological barriers that inhibit the process of self-understanding and can then move forward into the process of self-awareness and, in an ideal world, self-healing. The journal contains explicit and implicit scenes of violence and sexual content; it is not for the faint of heart. Reader discretion is advised.
