The Dutch Republic in the Seventeenth Century Maarten Prak,2005-09-22 The Dutch are the envy of some the fear of others and the wonder of all their neighbours So wrote the English ambassador to the Dutch Republic Sir William Temple in 1673 Maarten Prak offers a lively and innovative history of the Dutch Golden Age charting its political social economic and cultural history through chapters that range from the introduction of the tulip to the experiences of immigrants and Jews in Dutch society the paintings of Vermeer and Rembrandt and the ideas of Spinoza He places the Dutch miracle in a European context examining the Golden Age both as the product of its own past and as the harbinger of a more modern industrialised and enlightened society A fascinating and accessible study this 2005 book will prove invaluable reading to anyone interested in Dutch history **The Outlook** ,1912 Literature in the Century Alban Bertram De Mille,1903 Guide to Paignton and handbook to Torbay and district W Eliot Thomas,1895 **A Torbay Century** John Richard Pike,2003 The story of Torbay s three towns Torquay Paignton and Brixham is vividly told in this new history by John Pike and Mike Thompson The authors recall the contrasting development of each town over the last 200 years and describe how 30 years ago they were amalgamated to become the thriving centre of the present day With the help of a wonderful selection of illustrations from the Torquay Museum and the Herald Express newspaper they give a fascinating insight into the history of each district and Torbay as a whole In a sequence of short lively chapters John Pike records the origins of each town and describes the 19th century expansion that transformed them He gives a vivid account of the unspoilt Torbay coastline and the beaches from Watcombe to Man Sands which attracted visitors in the Victorian and Edwardian eras The influx of sightseers and the building of hotels guesthouses promenades and other facilities changed forever the character and economy of these villages
