Fictions of Femininity Edith Sarra,1999 The history of Japanese memoir literature began over a thousand years ago its greatest practitioners being women of the middle ranks whose literary talents won many of them positions as ladies in waiting at the Heian imperial court As female writers they both inhabited and helped create a discursive world obsessed with

the arts of concealment and self display the perils and possibilities erotic political and literary of real and metaphorical peepholes As memoirists they were virtuosos in the exacting art of feminine self representation *Fictions of Femininity* explores the Heian memoirists creations of themselves in four texts Kagero nikki The Kagero Memoir after 974 Makura no soshi The Pillow Book after 994 Sarashina nikki The Sarashina Memoir after 1058 and Sanuki no suke nikki The Memoir of the Sanuki Assistant Handmaid after 1108 Essays on the individual memoirs pursue a dual interest asking how each text works as a rhetorical construct and how it reflects the author s negotiations with Heian fictions about women and writing Letting the memoirs themselves set the terms for exploring gender constructions *Fictions of Femininity* addresses a spectrum of related issues The reading of The Kagero Memoir probes two traditional avenues of feminine expression the writing of waka and the discourse of Buddhist nunhood Two essays on The Sarashina Memoir reveal a fine weave of literary religious and autoerotic fantasies highlighting the intellectual gifts of a memoirist long misread as naive and girlish The essay on The Memoir of the Sanuki Assistant Handmaid examines the use of spirit possession as metaphor for commemorative writing tracing the balancing act its author performed in the midst of political intrigues at court The relationship between the memoir and voyeurism takes center stage in the closing essay on The Pillow Book which compares its author s treatment of the thematics of seeing and being seen with that of her chief rival Murasaki Shikibu creator of *The Tale of Genji* Taken together the essays in this book underscore the diversity of the Heian memoirists responses to their roles as women and as writers in one of the most unusual epochs of Japanese history
