Universite rouge (1921-1930) Eulalie Piccard, 1925 French and Creole in Louisiana Albert Valdman, 2013-03-09
Leading specialists on Cajun French and Louisiana Creole examine dialectology and sociolinguistics in this volume the first comprehensive treatment of the linguistic situation of francophone Louisiana and its relation to the current development of French in North America outside of Quebec Topics discussed include language shift and code mixing speaker attitudes the role of schools and media in the maintenance of these languages and such language planning initiatives as the CODOFIL program to revive the use of French in Louisiana LIST *Corporate Author Headings*, 1970 **Pesticides Documentation Bulletin**, 1968 **Monographic Series** Library of Congress, Louisiana Cecile Vidal, Cécile Vidal, 2013-10-09 Located at the junction of North America and the Caribbean the vast territory of colonial Louisiana provides a paradigmatic case study for an Atlantic studies approach One of the largest North American colonies and one of the last to be founded Louisiana was governed by a succession of sovereignties with parts ruled at various times by France Spain Britain and finally the United States But just as these shifting imperial connections shaped the territory's culture Louisiana's peculiar geography and history also yielded a distinctive colonization pattern that reflected a synthesis of continent and island societies Louisiana Crossroads of the Atlantic World offers an exceptional collaboration among American Canadian and European historians who explore colonial and antebellum Louisiana's relations with the rest of the Atlantic world Studying the legacy of each period of Louisiana history over the longue dur e the essays create a larger picture of the ways early settlements influenced Louisiana society and how the changes in sovereignty and other circulations gave rise to a multiethnic society Contributors examine the workings of empire through the examples of slave laws administrative careers or on the ground political negotiations cultural exchanges among landowners slave holders and slaves and the construction of race through sexuality marriage and household formation As a whole the volume makes the compelling argument that one cannot write Louisiana history without adopting an Atlantic perspective or Atlantic history without referring to Louisiana Contributors Guillaume Aubert Emily Clark Alexandre Dub Sylvia R Frey Sylvia L Hilton Jean Pierre Le Glaunec Cécile Vidal Sophie White Mary Williams **Bulletin** American Relief Administration, 1922 **Subject Catalog** Library of Congress, 1978 **Periodical Classes** Harvard University.
