*Aspire* Kevin Hall, 2009-12-16 Hall shows us the surprising power of words, tools we can use to shape new thoughts and beliefs to help us change. Spencer Johnson, 1 New York Times bestselling author. We live our lives word by word to build our relationships, to convey our points of view, to object to wrongs done to us or to others, to comfort our children and our friends. We also use the wrong words, sometimes unknowingly, and get ourselves into situations we'd rather not be in. As Stephen R. Covey points out in his introduction, words sell and words repel. Words lead and words impede. Words heal and words kill. Kevin Hall discovered the deeper power inherent in words after a fateful encounter with a wise shopkeeper in Vienna. When that led to an introduction to an esteemed etymologist residing in a senior home, Hall embarked on a project that changed his life and has since changed the lives of thousands of readers. Discover the eleven words, as well as the secret word that when used correctly, can light your path to the lifelong success you deserve. *Aspire* has the power to help individuals and teams focus on their true purpose and reach their best and highest aspirations.

Richard Paul Evans, 1 New York Times bestselling author of *The Christmas Box*. *Aspire* is one of those truly great books that changed my life. Kevin Hall is right up there with Og Mandino and Napoleon Hill. Bob Proctor, teacher in *The Secret*, bestselling author of *You Were Born Rich*.

*Digital Culture in the Platform Era* Shane Tilton, 2025-09-26 This book uses the roles of celebrities in society to frame discussions about digital culture in the platform era and helps us see how we have evolved online in our communication and cultural creations. Focusing on the modern types of Internet celebrities, influencers, opinion leaders, nano-celebrities, and platform superstars, allows us to discuss their online practices and how their work has significantly changed the ways we define our communities within increasingly fragmented digital audiences and platform users. Through an exploration of the impact of social media and online communication, the book highlights how we are impacted by those

who dominate these platforms It identifies three essential components of digital celebrity culture personality reach and content while also providing an in depth analysis of the psychological profiles of four types of celebrities and their connection to audiences Internet celebrities can show us how to make our relationships more meaningful online by focusing on those communication practices that we learned in public speaking with a focus on informing persuading and inspiring This understanding of purposeful content empowers the average Internet user to build authentic connections in an interconnected digital landscape Celebrities are finally models of good practices when it comes to how they reach their audience Their direct messaging tends to mimic the personal conversations that they have with friends group chats are likely part of the celebrity s inter circle public postings on social media become their announcements to the general public and streaming replicates the standards of traditional media broadcasts Examining these dynamics of personalities content and reach gives us valuable insights into how we can effectively navigate digital interactions and ensure that we can craft online works that resonate with the people that we care about This book gives us the model to use practical communication techniques to be more meaningful online
