Until Death:

Until Death Fears Us: Dark Mafia Romance Daisy Fox, ALANA I thought I could handle being the Don's wife I was wrong Now I carry his heir and every rival wants a piece of us My body betrays me with cravings and chaos while the mafia world circles like vultures I've bled for Cesare Silvestri fought beside him loved him in secret but can't love survive the darkness closing in If the Russians want a war then this time they'll get me too CESARE They call me untouchable Unbreakable But the moment I felt our child beneath my hand I knew the truth Alana is my only weakness The Russians are coming old ghosts are rising and betrayal is festering in my own ranks If I lose her I lose everything So I'll burn the world to keep her safe Because she's not just my wife anymore She's the only thing still keeping the Don alive This is the second book in the Until Death Duet Reading order Book 1 Until Death Claims Us Book 2 Until Death Fears Us **Until Death Claims**

Us: Dark Mafia Romance Daisy Fox, ALANA I was forced to marry the devil of London to save my family Cesare Silvestri is power wrapped in an expensive suit danger carved into every inch of his body He rules the underworld with a cold smile and a loaded gun and now he owns me I swore I'd never bow never break but when his touch scorches my skin and his eyes strip me bare I wonder how long I can survive being his wife Because surviving him isn't the same as escaping him CESARE She was supposed to be another pawn Alana Carsten walked into my world in white silk and fire in her eyes and suddenly nothing about my empire feels stable I married her to keep my throne but now I can't stop thinking about destroying her or worshipping her I'll protect her from every enemy who dares to touch what's mine Even if the greatest threat to her is me This is the first book in the Until Death Duet Reading order Book 1 Until Death Claims Us Book 2 Until Death Fears Us

profound idea that all defeats be they personal professional or existential are fundamentally psychological This exploration is rooted in the belief that the narratives we create and the perceptions we hold about ourselves and our world dictate how we experience and overcome challenges The premise of this book is both simple and revolutionary the external world may present us with setbacks and failures but it is our psychological response to these events that truly determines the impact they have on our lives Defeat in essence is not an absolute condition imposed upon us by external forces but a construct of our own making The stories we tell ourselves about our failures and the meanings we ascribe to them shape our reality more than the events themselves
