However in my term paper I will focus on the settings that appear in Young Goodman Brown This is a subject that has not attracted as much attention as other parts of Young Goodman Brown but is without any doubt a very interesting field of study In my study I will try to identify the different settings of the story in diverse ways Thus it is important not only to describe the settings but also to discuss their meaning not only for the story itself but also for the people of the time when Young Goodman Brown was first published It is especially interesting to see what kind of reactions Hawthorne tried to generate with Young Goodman Brown among the Puritan population in New England of which he himself was a part The setting of the forest plays a special role in this case and shows us that people of Hawthorne s time had a different connection to their environment and to nature than we do today The early Puritans who came to New England had a very difficult relationship to their new wild and uncultivated environment Further it is important to talk about Salem Village Massachusetts and the witch trials that occurred there The village and its Puritan population as well as the witch trials for which Salem became famous are important to Young Goodman Brown Additionally the relationship of the Hawthorne family to the city of Salem and to the witch trials is an interesting one This relationship explains a lot about Nathaniel Hawthorne s motivation to write the short story Young Goodman Brown The story of Goodman Brown primarily deals with the guilt and the evil that lies within every human being no matter how religious honest gentle or truthful he seems to be
