Healing isn't about fixing what's broken; it's about remembering what's been buried. Emotional Healing: A Guide to Releasing, Rewiring, Rising is a compassionate, practical, and deeply grounding guide for anyone who feels stuck in emotional patterns they can't think their way out of. Blending emotional intelligence, nervous system regulation, somatic release, and energetic awareness, this book helps you understand why emotions get stored in the body, how they shape beliefs and behaviors, and most importantly, how to release them safely and gently. Even the cover carries intention: The sacred geometry woven into the design reflects the interconnected nature of healing—mind, body, spirit, and nervous system—serving as a visual reminder that healing is not linear but layered, rhythmic, and deeply intelligent. The geometry mirrors the emotional landscape explored within the book, inviting regulation, balance, and wholeness before a single page is turned. Linen Effect Finished Full Cover. Inside, you'll learn why emotions don't disappear just because we ignore them; how the body, mind, spirit, and nervous system work together in healing; the difference between emotions, feelings, and limiting beliefs; how unprocessed emotions show up as anxiety, shame, anger, pain, unexplained physical symptoms; practical tools to move emotions through the body instead of suppressing them; clear explanations of core and secondary emotions; body-based awareness to identify where emotions are held; tapping and acupressure support for regulation; gentle somatic movements and breathwork; reflective prompts to support integration and self-trust. Written for both beginners and those already on a healing path, this book bridges science and soul, offering language that feels accessible, validating, and empowering without being clinical or overwhelming. This is not a book you rush through; it's one you return to each time with deeper awareness, greater compassion, and a stronger connection to yourself. If you're ready to stop fighting your emotions and start listening to them, this guide will meet you right where you are.

Get to the Root Rachel Logan LCSW, 2021-08-03. This book is about a middle-aged woman who suffers from insecurities, depression, and anxiety. She is desperately searching for relief from the internal war in her own mind. Her mind is clouded with low-level thoughts, and she wants to heal. The caveat is she is a CEO of a private practice, a wife, mother, homeowner, and a member of an elite organization. This woman BELIEVES in God. She reads the Bible and prays daily. She even intercedes for others regularly. Yet she suffers silently. On the outside, she looks like a Superwoman, well-to-do and oh-so-powerful. Secretly, she thinks she is unwanted and unworthy until she connects with the right people. She got help. The woman shares her life experiences to help spark the healing process for others.

Undisturbed Adam Oakley, 2014-11-21. A book designed to dispel the myths we have about emotions, showing how to treat them in such a way that they no longer become a burden. We are often faithful to emotions, feeling somehow owned by them when in fact emotions depend on us. We need not cling to them or take them so seriously. They are energy movements which would not exist if we were not here to witness them. This book aims to show that we need not label our emotions in any way. We need not regulate or police ourselves. We can relinquish suppressing something because we believe it is wrong to feel a certain way; this is all just conditioning. We can stop distinguishing between good and bad emotions, right or wrong feelings.
