Ouvroir de Litterature Potentielle one of the most important groups of experimental writers of the late twentieth century is
still being felt in contemporary literature criticism and theory both in Europe and the US Founded in 1960 and still active
today this Parisian literary workshop has featured among its members such notable writers as Italo Calvino Georges Perec
and Raymond Queneau all sharing in its light hearted slightly boozy bonhomie the convivial antithesis of the fractious volatile
coteries of the early twentieth century avant garde For the last fifty years the Oulipo has undertaken the same simple goal to
investigate the potential of constraints in the production of literature that is formal procedures such as anagrams acrostics
lipograms texts which exclude a certain letter and other strange and complex devices Yet far from being mere parlour games
these methods have been frequently used as part of a passionate though sometimes satirical involvement with the major
intellectual currents of the mid twentieth century Structuralism psychoanalysis Surrealism analytic philosophy all come
under discussion in the group s meetings and all find their way in the group s exercises in ways that while often ironic are
also highly informed Using meeting minutes correspondence and other material from the Oulipo archive at the Bibliotheque
nationale de France The Oulipo and Modern Thought shows how the group have used constrained writing as means of
puckish engagement with the debates of their peers and how as the broader intellectual landscape altered so too would the
group s conception of what constrained writing can achieve Re-forming the Narrative David Hayman,1987

Oulipo Warren F. Motte, 1998 The literary group known as Oulipo was founded in Paris in 1960 to pursue writing in a way that contrasts strongly with the Anglo American tradition The examples included in this collection all display some form of literary constraint

Harry Mathews Warren Leamon, 1993 Although his published work covers more than three decades Harry Mathews until recently was known only among a relatively small coterie of readers The author of four novels several collections of poetry and a number of short stories Mathews has made a significant contribution to contemporary literature His work has been compared with such better known European writers as Italo Calvino Raymond Queneau Raymond Firbank and Georges Perec Mathews's novels are distinguished by a sense of playfulness that embraces both his language and his narrative structures His fiction is filled with puns puzzles word games foreign languages and literary parodies His stories and plots are resonant but ambiguous often operating on several levels at once Mathews himself has said that he does not wish to mirror external reality rather he seeks to provide the means by which the reader performs the act of creation As Warren Leamon characterizes it Mathews's fiction though erudite is very entertaining fast paced witty humorous and deserves a much wider audience This book is the first full scale critical study of this American writer Warren Leamon places Harry Mathews firmly within the context of the various currents in contemporary American and European fiction He traces the significant links between Mathews's work and a number of important modernists Joyce Eliot Firbank and Graves among them Leamon's work provides an important introduction and critical assessment of a heretofore neglected writer as well as providing readers already familiar with Mathews with useful detailed information and perceptive analysis of individual works

John-Juan Douglas Woolf, 2002 Well respected throughout his career Douglas Woolf created some of the most startlingly original works of the twentieth century The two novels collected here create a dreamlike vision of America where helplessness prevails and the actions of the sane seem tinged with madness *Ya* takes place during the Christmas reunion of a penniless novelist and his teenage daughter at the nightmarish home of a super American family *John Juan* begins with an amnesiac who finds himself in a Mexican border town with only his pajamas and watch before becoming part of a surreal and somewhat frightening community organized around runners that collect trash along the highways **Hedyphagetica**
