**Sisters in Death** Eli Frankel, 2025-10-28 Who killed the Black Dahlia In this eye opening shocker an award winning producer true crime researcher and Hollywood insider finally solves the greatest and most gruesome murder mystery of the twentieth century just before its 80th anniversary In January 1947 the bisected body of Elizabeth Short completely drained of blood was discovered in an undeveloped lot in Los Angeles Its gruesome mutilations led to a firestorm of publicity city wide panic and an unprecedented number of investigative paths led by the LAPD all dead ends The Black Dahlia murder remained an unsolved mystery for over seventy years Six years earlier and sixteen hundred miles away another woman s life had ended in a similarly horrific manner Leila Welsh was an ambitious educated popular and socially connected beauty Though raised modestly on a prairie farm she was heiress to her Kansas City family s status and wealth On a winter morning in 1941 Leila s butchered body was found in her bedroom bearing the marks of unspeakable trauma One victim faded into obscurity The other became notorious Both had in common a killer whose sadistic mind was a labyrinth of dark secrets Eli Frankel reveals for the first time a key fact about the Black Dahlia crime scene never before shared with the public that leads inexorably to the stunning identification of a criminal who was at the same time amateurish and fiendish skilled and lucky sophisticated and brutish Drawing on newly discovered documents law enforcement files interviews with the last surviving participants the victims own letters trial transcripts military records and more this epic true crime saga puts together the missing pieces of a legendary puzzle In *Sisters in Death* the Black Dahlia cold case is finally closed *Sisters Unto Death* Michele
