Dear America Graham Allen,2021-08-10 A U S Army veteran and rising star in the conservative movement makes the case that the United States should look to the country as it was on September 12th 2001 for lessons about our future On the day after the World Trade Center was attacked Americans came together regardless of race religion or sexual orientation We were united On that day nearly every store in the country sold out of American flags After the events of the last eighteen months from the Covid 19 pandemic to the constant attempts to divide us by race Graham Allen believes that we should all

look back on the events of 9/12 and remember what unites us. He believes that we do not all have to be the same, that it's okay not to agree on everything, but that we share a common history and a set of values. Just as the year 1776 serves as a reminder of our beginning, 9/12 will serve as a reminder of our present and future.

Breaking Through Sally Susman, 2023-03-28. A Wall Street Journal Bestseller. Pfizer's trailblazing communications leader Sally Susman reveals how we can break through the noise to get our message across and make positive change. A global pandemic, a roller coaster economy, political tensions ready to ignite, and common civility at an all-time low. For leaders, the pressures and the stakes could not be higher. And in such a stormy, often dangerous world, communications can no longer be considered a soft skill. The ability to reach people and drive public conversation is a rock-hard competency. In this wise and inspiring book, Sally Susman, the renowned head of corporate affairs at global biopharmaceutical giant Pfizer, tells the fascinating story of how the company managed the massive communications challenge that came with Covid-19 and the race to produce an effective vaccine. Just as crucial as creating the vaccine itself was the task of winning people's hearts and minds, and Susman highlights the principles that enabled her to break through, connect, and help move people forward, not only at Pfizer but over a long and stellar career. She shows how clarifying and channeling your intention is an essential first step. What are you trying to say? She illustrates how leaders need to muster the courage to be candid in order to be effective and how, in order to connect, they must both disarm with humility and delight with humor. As a gay married woman, she talks forthrightly about the challenges and opportunities of embracing who you are, both at home and in the workplace. Susman's stories will draw you in with their warmth and humanity and enlighten and motivate you with their insight and passion. *Breaking Through* is essential reading for any leader who faces the daunting challenge of communicating in our noisy, turbulent world. *Forthcoming Books*. Rose Arny, 1992.

Dr. Seuss's Seriously Silly Stories Dr. Seuss, 2009-10-30. Six of Dr. Seuss's classic tales in a gift box set. *American Book Publishing Record*, 1991.
