**Six Out Seven** Jess Mowry, 2017-03-13 Thirteen year old Corbitt Wainwright's adolescence is abruptly cut short when his father is imprisoned for attacking a white man Tragically dreams of success through good grades and hard work are wiped aside as white society shows him out of both kindness and malice that poor black kids in Mississippi don't have much of a hand in creating their own destinies Refusing to accept this allotted role and after a deadly confrontation with his father's accuser Corbitt sets out for California the land of opportunity and supposed racial equality But upon his arrival in Oakland a whole other world awaits a world populated by gangs and crack dealers violent cops and gun toting kids where the future seems even bleaker than it does back home Against the odds he helps some of the local homeboys overcome one of their many predators and discovers his own strength *Six Out Seven* , **Feature Selection and Enhanced Krill Herd**

**Algorithm for Text Document Clustering** Laith Mohammad Qasim Abualigah, 2018-12-18 This book puts forward a new method for solving the text document TD clustering problem which is established in two main stages i A new feature selection method based on a particle swarm optimization algorithm with a novel weighting scheme is proposed as well as a detailed dimension reduction technique in order to obtain a new subset of more informative features with low dimensional space This new subset is subsequently used to improve the performance of the text clustering TC algorithm and reduce its computation time The k mean clustering algorithm is used to evaluate the effectiveness of the obtained subsets ii Four krill herd algorithms KHAs namely the a basic KHA b modified KHA c hybrid KHA and d multi objective hybrid KHA are proposed to solve the TC problem each algorithm represents an incremental improvement on its predecessor For the evaluation process seven benchmark text datasets are used with different characterizations and complexities Text document TD clustering is a new trend in text mining in which the TDs are separated into several coherent clusters where all documents in the same cluster are similar The findings presented here confirm that the proposed methods and algorithms delivered the best results in comparison with other similar methods to be found in the literature GMAT with Online Test Barron's
