B. Alverson, 2015-06-14 Excerpt from *Sixty Years of California Song* This book has been written for friends and musical associates of more than half a century The author s life has been a busy one often with events of public import and so it may be that this volume has value as history Those who should know have so affirmed It is hoped that old time Californians will find the book good reading The later generations of students and musicians will be interested in the story of one who helped to prepare the way for them The narrative tells somewhat of the Christian ministry of a noble father of the writer s career as a public singer and of reminiscences of many associated musicians efficient factors in the development of music in California to the high place it holds today Some mention is made of distinguished divines and men of note in the professions and in business The part taken by the author in political campaigns and in the activities of the Grand Army of the Republic will appeal to patriots Some chapters on the singing voice and its cultivation are the fruitage of a wide experience of many years A list of pupils for three decades is added The illustrations have been at once a labor of love and an extravagance of money cost but it is believed that the reader will find in that feature alone justification for the publication About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
