Sociology An Introduction

Christopher Bates Doob

Sociology An Introduction:

What is Sociology? Alex Inkeles, 1964 **Introduction to Sociology**, *Sociology: A Systematic Introduction* Harry M. Johnson, 1966-07-12 Harry M Johnson's *Sociology A Systematic Introduction* stands as a landmark in sociological education blending scholarly rigor with accessibility Echoing Donald Fleming's ideal of a textbook that channels consensus without stifling innovation Johnson's book offers a coherent yet flexible account of core sociological principles It is both a manual for students and a treatise that contributes meaningfully to the discipline Rather than impose a rigid framework Johnson draws upon a working consensus in sociology often associated with structural functionalism while avoiding theoretical dogmatism He integrates a wide range of empirical evidence from diverse sources including anthropology political science and economics without ever losing focus on sociological relevance This is not a superficial or oversimplified text Instead Johnson invites readers to think critically offering a balanced blend of theoretical insight and empirical depth He presents complex topics like ideology authority and bureaucracy with clarity and substance The annotated bibliographies at the end of each chapter further enrich the text guiding students toward deeper inquiry While demanding intellectual effort the book rewards it with understanding not rote memorization Johnson's lucid and graceful writing elevates the student's learning experience making the book an enduring educational resource It is a textbook that teaches and inspires by example preparing students for advanced study and independent sociological thought

Introduction to Sociology Frank van Tubergen, 2020-02-25 Comprehensive and engaging this textbook introduces students not only to foundational sociological work but also to insights from contemporary sociological theory and research This combined approach ensures that students become familiar with the core of sociology key concepts theories perspectives methods and findings Students will acquire the ability to think like a sociologist investigate and understand complex social phenomena This text presents a complete sociological toolkit guiding students in the art of asking good sociological questions devising a sophisticated theory and developing methodologies to observe social phenomena The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem The textbook also applies the sociological toolkit to selected key sociological issues showing how specific sociological topics can be easily investigated and understood using this approach Taking a global and comparative perspective the book covers a rich diversity of sociological topics and social problems such as crime immigration race and ethnicity media education family organizations gender poverty modernization and religion The book presents a range of helpful pedagogical features throughout such as Chapter overview and learning goals summaries at the start of every chapter Thinking like a sociologist boxes encouraging students to reflect critically on learning points Principle boxes summarizing key sociological principles Theory schema boxes presenting sociological theories in a clear understandable manner Stylized facts highlighting key empirical findings and patterns Key concepts and summary sections at the end of every chapter and Companion website providing additional

Sociology Richard J. Gelles, Kenrick S. Thompson, 1999 This introductory text offers students a concise introduction to sociology It provides the basics the sociological perspective theoretical orientations the use of scientific method to study human behaviour and the various tools of sociological research

This is Sociology Dan Woodman, Steven Threadgold, 2021-07-07 This is Sociology is an engaging concise introduction to the key concepts used for studying social life It covers a diverse range of theorists from the rich history of sociology and shows how thinking sociologically can help us understand our lives the groups we are part of and the rapid social changes and inequalities that shape contemporary societies Key features Uses compelling international examples and a range of theoretical perspectives from across the world including theorists that have often been omitted from the established sociological canon Covers topics such as globalization culture gender race and class Introduces the latest approaches emerging from efforts to build an inclusive global sociology one that moves beyond a Eurocentric perspective and is equipped for the challenges of the 21st Century The book is essential reading for anyone new to studying sociology and is supported by a wide range of podcasts videos and discussion questions

Introduction to the Science of Sociology Robert Ezra Park, E. W. Burgess, 2022-09-04 In *Introduction to the Science of Sociology* co authors Robert Ezra Park and E W Burgess achieve a comprehensive exposition of sociological thought and its applications Crafted with scrupulous detail and academic rigor the text is a cornerstone in the landscape of social science literature Through its systematic approach it delineates the then nascent principles of human interactions and societal structures serving as an indispensable guide for scholars and students alike The literary style is methodical and didactic reflecting the authors aspiration to both inform and educate their audience about the systematic study of society in the context of early 20th century scholastic inquiry

Author Robert Ezra Park's distinguished academic and professional career profoundly shaped his contributions to sociology and the crafting of this seminal work A key figure in the Chicago School of Sociology Park's experience as a journalist and his subsequent collaboration with sociologist Ernest Watson Burgess brought a unique and insightful perspective to the discipline Their collective expertise

distilled into this volume reflects social theories and ethnographic methods that were groundbreaking at the time of its original publishing. A Recommendation to the reader is notably absent in the provided information. However, *Introduction to the Science of Sociology* is highly recommended for those interested in the historical foundations of sociological study and its evolution. This meticulously edited DigiCat Publishing edition ensures that Park and Burgess's seminal work continues to reach contemporary audiences, preserving its relevance and scholarly value. The book is a testament to sociological scholarship and an essential reading for anyone seeking to understand the complexities of social structures and the enduring influence of foundational sociological analyses.

Introduction to Sociology Elaina K. Behounek, Eric R. Kushins, Ph.D., 2022-03-09

Introduction to Sociology: An Anthology provides students with a curated collection of readings that help them develop a foundational understanding of sociological concepts and how these concepts operate in the real world. The volume provides them with an introduction to a variety of social problems and the processes by which social change occurs. The text is organized into six distinct units which explore core concepts in sociology: socialization, social interaction, and social change; stratification, politics, deviance, and social control; families and intimate relationships, and the environment; social movements, and social change. Students learn about cultural structures, sex and gender, the safety of women and girls in educational settings, crime and control, intimate partner violence, power dynamics, and relationships, and more. Each unit features an editor's introduction to provide students with meaningful context and end of unit discussion questions to inspire critical thought and support retention of the material. Developed to help students better understand how culture, institutions, stratification, and inequality structure our lives, *Introduction to Sociology* is an ideal resource for foundational courses within the discipline.

Introduction to Sociology Henry L. Tischler, 2010-01-01. No other textbook on the market provides students with a student-friendly, comprehensive text paired with a complete suite of study aids at an affordable price, as Tischler's *INTRODUCTION TO SOCIOLOGY: International Edition*. [An Introduction to Sociology](#) Bryan S. R. Green, Edward A. Johns, 2013-10-22. *An Introduction to Sociology* presents the theoretical approaches, the methods of inquiry, and the concepts with which sociologists attempt to order the intricate phenomena of social interaction. This book provides an illustration of particular investigations that may provide some insights into substantive features of society and social behavior. Organized into six chapters, this book starts with an overview of scientific proposition, which is the statement of a relationship between specified properties of events and objects. This text then explains the fundamental concepts that appear in the empirical and theoretical writings of sociologists. Other chapters present a discussion of what sociologists actually study, which includes the substantive areas of investigation and the aims of the investigation. This book discusses, as well, the institutionalized areas of society, including the family, the economy, and the polity. The final chapter deals with the theories of the middle range. This book is a valuable resource for sociologists.

Introduction to Sociology Theodor W. Adorno, 2002-05-01. *Introduction to Sociology* distills decades of distinguished work in sociology by one of this century's most influential thinkers in the areas of

social theory philosophy aesthetics and music It consists of a course of seventeen lectures given by Theodor W Adorno in May July 1968 the last lecture series before his death in 1969 Captured by tape recorder which Adorno called the fingerprint of the living mind these lectures present a somewhat different and more accessible Adorno from the one who composed the faultlessly articulated and almost forbiddingly perfect prose of the works published in his lifetime Here we can follow Adorno s thought in the process of formation he spoke from brief notes endowed with the spontaneity and energy of the spoken word The lectures form an ideal introduction to Adorno s work acclimatizing the reader to the greater density of thought and language of his classic texts Delivered at the time of the positivist dispute in sociology Adorno defends the position of the Frankfurt School against criticism from mainstream positivist sociologists He sets out a conception of sociology as a discipline going beyond the compilation and interpretation of empirical facts its truth being inseparable from the essential structure of society itself Adorno sees sociology not as one academic discipline among others but as an over arching discipline that impinges on all aspects of social life Tracing the history of the discipline and insisting that the historical context is constitutive of sociology itself Adorno addresses a wide range of topics including the purpose of studying sociology the relation of sociology and politics the influence of Saint Simon Comte Durkheim Weber Marx and Freud the contributions of ethnology and anthropology the relationship of method to subject matter the problems of quantitative analysis the fetishization of science and the separation of sociology and social philosophy

Sociology Christopher Bates Doob,1985-01-01 This book features useful examples frequent applications to real world living and cross cultural perspectives The author writes with a precision and clarity lacking in many sociology texts and makes the presentation of sociology both informative and interesting The author s love of the field is apparent on every page of this involving text and students will appreciate the way that Doob tells the story of sociology by presenting sociology as a set of accounts or narratives about specific sociological issues or events While doing this Doob also offers extremely thorough coverage of sociology including strong theory fundamental concepts and sociological ideas

LooseLeaf for Sociology: A Brief Introduction Richard T. Schaefer,2016-10-03 Sociology A Brief Introduction invites students to take sociology with them in their daily lives This successful student friendly program includes strong coverage of race ethnicity and globalization The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist Paired with Connect a personal and adaptive learning experience students learn to apply sociology s three theoretical frameworks to the world around them

Sociology Rosemary L. Hopcroft,2016-01-08 In an era of human genome research environmental challenges new reproductive technologies and more students can benefit from an introductory sociology text that is a biologically informed This innovative text integrates mainstream sociological research in all areas of sociology with a scientifically informed model of an evolved biological human actor This text allows students to better understand their emotional social and institutional worlds It also illustrates how biological understanding naturally enhances the sociological

approach This grounding of sociology in a biosocial conception of the individual actor is coupled with a comparative approach as human biology is universal and often reveals itself as variations on themes across human cultures Tables Figures Photos and the author s concise and remarkably lively style make this a truly enjoyable book to read and teach

The Enthralling Realm of E-book Books: A Thorough Guide Revealing the Advantages of E-book Books: A Realm of Ease and Versatility Kindle books, with their inherent portability and ease of availability, have liberated readers from the constraints of physical books.
