Visions and Revisions of Europe Karolina Czerska-Shaw, Marcin Galent, Bożena Gierat-Bieroń, 2018 *Visions and Revisions of Europe* offers a multidisciplinary debate on the various political, social, and cultural issues that are at the heart of contemporary European discourse with a focus on the relations between the so-called New and Old Europe A range of possible scenarios for the future of the EU as well as a discussion of the factors affecting current crises are at the forefront of the debate which lead the reader to reflect upon often overlooked aspects of European integration such as Germany's hegemonic role in the Union or historical narratives and myths that need to be deconstructed and critically analysed Contemporary populist movements also play a key role as do the often difficult processes of migration and EU mobility which reveal the tensions, fears, and lines of exclusion in contemporary European societies Finally, the role of values, namely an adherence to human rights and responsibility over the global social order which in the 1970s was a cornerstone of EU discursive action and identity building, serves as a lasting point of reflection on the uncertain future of the EU's axio-normative directions

has prompted an increased focus on the consumer and the responsibility of corporations to consider their ethical and social obligations to their customers. The rise of the consumerist movement has encouraged further research and development on the topic of consumerism, enabling business to succeed in a consumer-driven market. *Handbook of Research on Consumerism in Business and Marketing: Concepts and Practices* features research on diverse topics on consumerism in the global marketplace, focusing on the ways in which businesses can improve their relationships with customers, as well as analyze and influence purchasing behavior. As a comprehensive reference source on topics pertaining to consumer management, identity, and behavior, this publication is intended for use by marketing professionals, business managers, students, and academicians.

Changing Textile and Apparel Consumption in Transformative Era of Sustainability and Digitalization Canan Saricam, Nazan Okur, 2025-07-17 This monograph describes emerging practices of sustainability and digitalization in the fashion industry and the consumer perspectives on implementation efforts. The chapters in the book are organized into three parts. In the first part of each chapter, a general overview of the topic is given with the relevant descriptions, information, facts, and statistics. The second section of each chapter provides cases and consumer perspectives. Each chapter ends with an empirical study. The chapters discuss practical implications for the professionals, as well as findings associated with different consumer groups. The contents of this book will be useful to both academics and practitioners.

Sustainable Fashion | Bathrobes Rikhil Nagpal, Sheetal Sharma, Shalu Nehra, 2023-12-25 Welcome to the world of Sustainable Fashion where style meets conscience and every stitch tells a story of innovation, responsibility, and commitment to a better tomorrow. In this book, we embark on a journey through the realm of sustainable fashion, focusing our lens specifically on a garment often overlooked in the discourse of eco-conscious dressing: the humble yet versatile bathrobe. At first glance, bathrobes may seem mundane, confined to the realms of lazy mornings and cozy evenings. However, within their folds lies a wealth of potential for sustainable innovation and ethical production. From the sourcing of materials to the manufacturing process, from design considerations to end-of-life options, the bathrobe serves as a canvas upon which we can paint a more sustainable future for the fashion industry. In these pages, we explore the multifaceted dimensions of sustainable bathrobe design. We delve into the ecological impact of traditional textile production methods and examine how alternative materials and innovative techniques can mitigate harm to the environment. We celebrate the artisans and designers who are pushing the boundaries of sustainable fashion, weaving together tradition and innovation to create bathrobes that not only look good but also do good. But our journey doesn't stop there. We also confront the social and ethical dimensions of fashion, from labor rights to supply chain transparency, recognizing that true sustainability encompasses more than just environmental stewardship. Through case studies, interviews, and practical tips, we empower readers to make informed choices about the clothes they wear, encouraging them to become active participants in the movement towards a more sustainable fashion industry. Whether you're a seasoned fashion professional, a conscientious

consumer or simply someone with a passion for design this book offers something for you It is a testament to the power of fashion to inspire change to challenge norms and to redefine what it means to dress with purpose and integrity As we embark on this journey together let us remember that every garment we choose has the power to shape the world we inhabit By embracing sustainability in our fashion choices we can create a future where style and conscience walk hand in hand where beauty is synonymous with responsibility and where the bathrobe becomes not just a symbol of comfort but of conscious living So dear reader I invite you to step into the world of Sustainable Fashion Bathrobes May this book inform inspire and ignite a passion for change that resonates far beyond the pages Warm regards Rikhil Nagpal Sheetal Sharma Shalu Nehra
