The Better World Handbook Ellis Jones,Ross Haenfler,Brett Johnson,2007-02-01 The definitive guide for people wanting to make a positive difference in the world Specifically designed to reach people who normally would not consider

themselves activists The Better World Handbook is directed toward those who care about creating a more just sustainable and socially responsible world but don't know where to begin Substantially updated this revised bestseller now contains more recent information on global problems more effective actions and many new resources *Cultural and Heritage Tourism in Asia and the Pacific* Bruce Prideaux, Dallen Timothy, Kaye Chon, 2013-09-13 The Asia Pacific region's enormous diversity of living cultures and preserved heritage sites has significant appeal to many tourists However tourism has grown so rapidly that many issues associated with the incorporation of cultural and heritage experiences in tourist itineraries such as authenticity versus commodification exploitation of national cultures impacts on local communities and the management of heritage resources have not been adequately addressed and must be debated This revealing book reviews recent developments in cultural and heritage tourism in the Asia Pacific region and provides a discussion on how communities have faced and overcome significant challenges to develop and market their culture and heritage resources A range of models and case studies are used to deepen the reader's understanding of heritage and cultural issues to illustrate many of the more controversial issues and to examine new evaluative and planning tools This book is a special issue of the Asia Pacific Journal of Tourism Research Annual Report Transport 2000, 2003 *Journal of Hospitality & Tourism Education*, 2000

International Cases in Sustainable Travel & Tourism Pierre Benckendorff, Dagmar Lund-Durlacher, 2013 Case studies are an indispensable learning tool not only in the classroom but also in academic research consultancy and practical business management contexts Case studies present real situations allowing a balance of theory and practice They have the power to transform the learning the abstract and uninspiring to one that is targeted and vibrant International Cases in Sustainable Travel Each case is rigorously and carefully structured for maximum teaching and learning impact this includes a clear synopsis appropriate theoretical frameworks and a clear summary and future outlook Every case is fully supported by features to increase deep understanding of the principles and practice it contains clear learning outcomes full references and directed reading and challenging study questions In addition to each case the authors provide educators and trainers with detailed background teaching notes indicative answers a recommended teaching approach and teaching slides in PowerPoint All the cases are also available online for individual purchase at www.goodfellowpublishers.com and for library and site purchase through all major online suppliers The book and the individual cases will be an essential teaching and learning resource for both undergraduate and graduate students in Tourism It will also be of interest to academic researchers and planners managers and developers of tourist destinations It will be ideal for the increasing number of sustainability subjects in tourism degrees worldwide *Greening government* Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2009-08-05 This is the Committee's eighth report on the sustainable operations on the Government estate There has been some progress against targets but the Sustainable Development Commission has found that in 2007-08 the Government was not on track to meet its target for the reduction of carbon emissions from its own buildings The Government

was on track to meet its targets for recycling and for the sourcing of electricity from renewable sources but it performed less well than it had in 2006 07 It must improve the sustainability of its operations each year The ease with which the Government continues to meet some targets even when its performance worsens indicates the urgent need for the Government to set itself more stringent targets The Government should extend the system of targets and monitoring beyond central government and agencies to the wider public sector including its outsourced operations The Government has the potential to drive change in the wider economy through sustainable procurement through investment in low carbon technologies and by driving the development of green skills in the workforce But the Sustainable Development Commission found that Government performed poorly against its own targets The Government must use its buying power to drive progress towards a greener economy Many of the changes to the governance of Government s sustainable operations have been confusing or ineffective The Government must ensure that there is a clear line of accountability for these matters and the Cabinet Office Minister responsible must take an active role in overseeing performance management

Counterculture Green Andrew G. Kirk, 2007 For many it was more than a publication it was a way of life The Whole Earth Catalog billed itself as Access to Tools and it grew from a Bay Area blip to a national phenomenon catering to hippies do it yourselfers and anyone interested in self sufficiency independent of mainstream America now known as living off the grid In recovering the history of the Catalog's unique brand of environmentalism historian Kirk recounts how Stewart Brand and the Point Foundation promoted a philosophy of pragmatic environmentalism that celebrated technological achievement human ingenuity and sustainable living Kirk shows us that Whole Earth was more than a mere counterculture fad At a time when many of these ideas were seen as heretical to a predominantly wilderness based movement it became a critical forum for environmental alternatives and a model for how complicated ecological ideas could be presented in a hopeful and even humorous way From publisher description
