

# Who is required to file?

Not everyone has to file taxes. If you earn less than the standard deduction amount for your filing status, you don't have to file a tax return. But you might consider filing anyway if you are owed a tax refund.

## Fun Fact

If you earn more than \$400 by mowing lawns or babysitting (or something similar), the IRS considers you **self-employed** – no matter how old you are.

## Net Income

Your net income is what you **take home** after you have paid income tax, Social Security, and FICA.

## Gross Income

Your gross income is the amount of salary or wages your employer paid you **before any tax** was taken.

# Tax Filing Status

Unless you are married, the filing status on your first tax return should be **single**. Filing status helps the IRS understand which income tax bracket to put you in.

# Income Tax Brackets

The government decides how much tax you owe by dividing your taxable income into chunks – also known as **tax brackets**. Each bracket gets taxed at a different rate and depends on your filing status.

# What you need to file

- Your W-2
- Your legal name and birth date
- Your tax ID number
- A TaxSlayer account

# Free Filing with TaxSlayer®

When you file with TaxSlayer, you'll be asked easy questions about your income. You can find the answers on your W-2. The info you provide will be entered into your IRS Form 1040 (your federal tax return). If your state collects income tax, you will fill out a separate state return as well, still using the information found on your W-2.

persist into adulthood for this cohort rough calculations suggest that the long run cost to the U S will be at least 1.6 million years of life lost from this youth smoking increase     *Michigan's Cigarette and Tobacco Taxes* ,2004     *English spellings and spelling rules.
