Parkhurst,2004-06-01 **Lorelei's Secret** Carolyn Parkhurst,2003 Here is what we know those of us who can speak to tell a story On the afternoon of October 21st my wife Lexy Ransome climbed to the top of the apple tree in our back yard and fell to her death There were no witnesses save our dog Lorelei So begins this remarkable unputdownable debut about a man faced with the sudden and inexplicable loss of the love of his life Convinced that Lexy s death was not an accident and driven by a desire to discover what really happened that October afternoon Paul decides to embark on the only course of action he can possibly imagine What follows is a luminous account of an extraordinary magical love affair and its aftermath This is the story of a passionate woman and her irrepressible dreams of a man who does not know how to begin to live without her of an animal s loyalty and devotion and of the desperate search for answers that leads them all to places they never expected to go **Picturing Dogs, Seeing Ourselves** Ann-Janine Morey,2014-08-29 Dogs are as ubiquitous in American culture as white picket fences and apple pie embracing all the meanings of wholesome domestic life family fidelity comfort protection nurturance and love as well as symbolizing some of the less palatable connotations of home and family including domination subservience and violence In *Picturing Dogs Seeing Ourselves* Ann Janine Morey presents a collection of antique photographs of dogs and their owners in order to investigate the meanings associated with the canine body Included are reproductions of 115 postcards cabinet cards and cartes de visite that feature dogs in family and childhood snapshots images of hunting posed studio portraits and many other settings between 1860 and 1950 These photographs offer poignant testimony to the American romance with dogs and show how the dog has become part of cultural expressions of race class and gender Animal studies scholars have long argued that our representation of animals in print and in the visual arts has a profound connection to our lived cultural identity Other books have documented the depiction of dogs in art and photography but few have reached beyond the subject s obvious appeal *Picturing Dogs Seeing Ourselves* draws on animal visual and literary studies to present an original and richly contextualized visual history of the relationship between Americans and their dogs Though the personal stories behind these everyday photographs may be lost to us their cultural significance is not **Time** ,2003 **AKC Gazette** ,2003-07 [Brick](#) ,2005 *The Publishers Weekly* ,2003 **Scientific Sleuthing Review** ,2003 *Reading Group Choices 2004* Mark Kaufman,2003-10 Profiles of new releases and old favorites from a wide variety of publishers **The Book Review Digest** ,2003 **The Victoria History of the County of Lancaster** William Farrer,John Brownbill,1908 *2010* ,2010 **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation [U.S.](#)
