Return to an Address of the Honourable the House of Commons Dated 28th January 2004 for the Report of the Inquiry Into the Circumstances Surrounding the Death of Dr David Kelly C.M.G. Lord Brian Hutton, Great Britain. Parliament. House of Commons, 2004 This publication contains the report of the independent inquiry by Lord Hutton into the events leading up to the death of Dr David Kelly the government weapons expert in July 2003 after he had been publicly named as the source of a report by Andrew Gilligan on BBC Radio Fours Today programme which had alleged that the government had pressurised the Joint Intelligence Committee to exaggerate the military threat posed by Iraq in its September 2002 dossier The question of whether intelligence about Iraqs weapons of mass destruction justified going to war falls outside the scope of the inquiry The report concludes that Dr Kelly took his own life because he felt he had been publicly disgraced after being named as the source for the BBC report but nobody was at fault in not contemplating the possibility of his suicide Dr Kelly had broken official civil service procedures in having an unauthorised meeting with Andrew Gilligan a fact that Dr Kelly later recognised Due to uncertainties in Mr Gilligans evidence and note taking and in his misuse of language it is not possible to reach a definite conclusion as to what Dr Kelly actually said However the report states its satisfaction that Dr Kelly did not say that the Government had insisted in the insertion of the 45 minute claim probably knowing it to be wrong Therefore the allegation is judged to have been unfounded The BBC editorial system is found to have been defective in its failure to properly check

the details of the allegations made by Andrew Gilligan before their broadcast and the BBC Governors and management system was at fault by failing to fully investigate complaints made by Alastair Campbell The government is cleared of any dishonourable or underhand conduct in the public naming of Dr Kelly Downing Street was entitled to suggest changes to the September dossier and it was appropriate for John Scarlett head of the Joint Intelligence Committee to take account of these There was no covert strategy by the Ministry of Defence to leak his name although they were at fault for failing to give Dr Kelly sufficient notice that his name had been made public *The Mexican Year Book* ,1911 The Origins of the World War Sidney Bradshaw Fay,1928 I Before Sarajevo underlying causes of the war II After Sarajevo immediate causes of the war *The New English Review Magazine* ,1899 **Clinical Trials in Neurology** Roberto Guiloff,2001-05-05 Clinical Trials in Neurology comprehensively tackles the methodology and design of clinical trials in neurological disease A general section deals with the ethical aspects drug development and regulatory requirements basic trial designs and the statistics used A diseases section tackles specific aspects of disorders focusing on the relevant ethical issues outcome variables and experience with large multicentre trials **National Review** ,1899 **International Medical and Surgical Survey** ,1922 The Dreyfus Case Frederick Cornwallis Conybeare,1898 **The Cosmopolitan** ,1899 *Cosmopolitan* ,1899 **Chambers's Journal** ,1912 Report of the Royal Commission on the Poor Laws and Relief of Distress Great Britain.
