Swope, 2013-04-29 The invasion of Korea by Japanese troops in May of 1592 was no ordinary military expedition it was one of the decisive events in Asian history and the most tragic for the Korean peninsula until the mid twentieth century Japanese overlord Toyotomi Hideyoshi envisioned conquering Korea Ming China and eventually all of Asia but Korea's appeal to China's Emperor Wanli for assistance triggered a six year war involving hundreds of thousands of soldiers and encompassing the whole region For Japan the war was a dragon's head followed by a serpent's tail an impressive beginning with no real ending Kenneth M Swope has undertaken the

first full length scholarly study in English of this important conflict Drawing on Korean Japanese and especially Chinese sources he corrects the Japan centered perspective of previous accounts and depicts Wanli not as the self indulgent ruler of received interpretations but rather one actively engaged in military affairs and concerned especially with rescuing China s client state of Korea He puts the Ming in a more vigorous light detailing Chinese siege warfare the development and deployment of innovative military technologies and the naval battles that marked the climax of the war He also explains the war s repercussions outside the military sphere particularly the dynamics of intraregional diplomacy within the shadow of the Chinese tributary system What Swope calls the First Great East Asian War marked both the emergence of Japan s desire to extend its sphere of influence to the Chinese mainland and a military revival of China s commitment to defending its interests in Northeast Asia Swope s account offers new insight not only into the history of warfare in Asia but also into a conflict that reverberates in international relations to this day The Dragon's Head ,1988 On the contrary Stella Benson Spindleberries John Galsworthy A night at the cottage Richard Hughes Casting the runes M R James Jane Somerset Maugham Judgement of Paris Leonard Merrick The hostages Naomi Mitchison Defeat Geoffrey Moss The majesty of the law Frank O Connor The background Saki The dragon s head Dorothy Sayers Mr Oddy Hugh Walpole The door in the wall H G Wells Cloak and Dagger Fiction Myron J. Copyright Office,1977 **The Globalizing Cities Reader** Xuefei Ren,Roger Keil,2017-10-12 The newly revised Globalizing Cities Reader reflects how the geographies of theory have recently shifted away from the western vantage points from which much of the classic work in this field was developed The expanded volume continues to make available many of the original and foundational works that underpin the research field while expanding coverage to familiarize students with new theoretical and epistemological positions as well as emerging research foci and horizons It contains 38 new chapters including key writings on globalizing cities from leading thinkers such as John Friedmann Michael Peter Smith Saskia Sassen Peter Taylor Manuel Castells Anthony King Jennifer Robinson Ananya Roy and Fulong Wu The new Reader reflects the fact that world and global city studies have evolved in exciting and wide ranging ways and the very notion of a distinct global class of cities has recently been called into question The sections examine the foundations of the field and processes of urban restructuring and global city formation A large number of new entries focus on the emerging urban worlds of Asia Latin America and Africa including Beijing Bogota Cairo Cape Town Delhi Istanbul Medellin Mumbai Phnom Penh Rio de Janeiro Sao Paulo and Shanghai The

book also presents cases off the conventional map of global cities research such as smaller cities and less known urban regions that are undergoing processes of globalization The book is a key resource for students and scholars alike who seek an accessible compendium of the intellectual foundations of global urban studies as well as an overview of the emergent patterns of early 21st century urbanization and associated sociopolitical contestation around the world **Catalog of Copyright Entries, Third Series** Library of Congress.
