## **The Roman Colonate:**

**The Roman Colonate** Roth Clausning,1925     The Colonate in the Roman Empire Adriaan Johan Boudewijn Sirks,2023  
A comprehensive reassessment of the legal aspects of the colonate situating the phenomenon within its socio economic context It examines afresh two critical sources the Theodosian and Justinian Codes and is an invaluable resource for students and scholars of Roman law and the agricultural and social history of late antiquity     *The Roman Colonate* Roth Clausning,2002-07-01 There are few subjects in economic history of greater importance than the development of the institution of the Roman colonate The legal attachment of the tenantry of the Roman Empire to the soil serves as the connecting link between the agrarian life of antiquity and that of medieval Europe The colonate was intimately connected with the decline of ancient civilization and it ushered in a form of agrarian organization which was to persist through most of the Middle Ages     The Roman Colonate Roth Clausning,1925     *The Colonate in the Roman Empire* Boudewijn Sirks,2024-01-18 A new and ground breaking history of the Roman colonate in its legal and socio economic contexts     The Roman Colonate Roth Clausning,1925     The Later Roman Colonate and Freedom Miroslava Mirković,1997 The aim of the research in this study is not to create a new theory of the origin of the colonate but to show the circumstances surrounding it Tax Debts Coloni Iuris Alieni Indebted Adscripticii Capita without Iugera Barbarians on Roman Territory Inquilini People without Domicile Conclusion Appendix Select Bibliography indices     **The Roman Colonate: the Theories of Its Origin, Etc** Roth CLAUSING,1925     The Roman Colonate Carl William Hasek,Roth Clausning,1925     Romans, Barbarians, and the Transformation of the Roman World Ralph W. Mathisen,Danuta Shanzer,2016-04-08 One of the most significant transformations of the Roman world in Late Antiquity was the integration of barbarian peoples into the social cultural religious and political milieu of the Mediterranean world The nature of these transformations was considered at the sixth biennial Shifting Frontiers in Late Antiquity Conference at the University of Illinois at Urbana Champaign in March of 2005 and this volume presents an updated selection of the papers given on that occasion complemented with a few others These 25 studies do much to break down old stereotypes about the cultural and social segregation of Roman and barbarian populations and demonstrate that contrary to the past orthodoxy Romans and barbarians interacted in a multitude of ways and it was not just barbarians who experienced ethnogenesis or cultural assimilation The same Romans who disparaged barbarian behavior also adopted aspects of it in their everyday lives providing graphic examples of the ambiguity and negotiation that characterized the integration of Romans and barbarians a process that altered the concepts of identity of both populations The resultant late antique polyethnic cultural world with cultural frontiers between Romans and barbarians that became increasingly permeable in both directions does much to help explain how the barbarian settlement of the west was accomplished with much less disruption than there might have been and how barbarian populations were integrated seamlessly into the old Roman world     **Columbia University Studies in the Social Sciences** ,1925     The Ancient

Economy Walter Scheidel, Sitta von Reden, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company

**The Journal of Land & Public Utility Economics**, 1926 Includes book reviews and bibliographical references

**Columbia Studies in the Social Sciences**, 1926

**The Class Struggle in the Ancient Greek World** G. E. M. Ste. Croix, 2025-07-01 The Class Struggle in the Ancient Greek World is an original and provocative reconstruction of 1 400 years of classical antiquity Sharply written it is a major intervention in Marxist theories of class seeking to explain and illustrate the value of Marx's general analysis of society to ancient Greek studies G E M de Ste Croix makes slavery central to the achievements of the Greek city states and wider classical civilisation He traces the social origins of Athenian democracy and advances an innovative explanation for the decline and fall of the Roman Empire Comparing the late Roman political system to a vampire bat Ste Croix argues that serfdom and a tightening fiscal screw left the peasant masses indifferent to the Empire's fate Widely reviewed and debated The Class Struggle in the Ancient Greek World was hailed by the New York Review of Books as the only work in a Western language that has ever attempted to tell the story of the greatest part of the ancient world with the interests of the lower classes as its central theme

The American Political Science Review Westel Woodbury Willoughby, John Archibald Fairlie, Frederic Austin Ogg, 1926 American Political Science Review APSR is the longest running publication of the American Political Science Association APSA It features research from all fields of political science and contains an extensive book review section of the discipline

**Studies in Ancient Society (Routledge Revivals)** M. I. Finley, 2011-09-23 Originally published in 1978 this volume comprises articles previously published in the historical journal Past and Present ranging over nearly a thousand years of Graeco Roman history The essays focus primarily on the Roman Empire reflecting the increase in British scholarship of the post war years of explanatory structuralist studies of this period in Roman history The topics treated include Athenian politics the Roman conquest of the east violence in the later Roman Republic the second Sophistic and persecutions of the early Christians The authors have all produced original studies a number of which have generated significant research by other ancient historians

**Economic and Social History of the Middle Ages** James Westfall Thompson, 1928

**The Economic Journal**, 1891 Contains papers that appeal to a broad and global readership in all fields of economics

Oxford Studies in Social and Legal History, 1909
