organization The present monograph is an attempt to describe only the main social forces impinging on the Russian in America and their inevitable effect on his mind Of many shortcomings in this treatise the writer is very much aware At best it can be but an approximation of conditions among the majority of Russians in this country The reader must bear in mind that the research was made during a period when the Russian s attitude was affected by the great social upheaval in his native land and must remember that in America one result of the war spirit was a series of repressive measures against aliens especially Russians About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
