The World Soul:

The Return of the Feminine and the World Soul Llewellyn Vaughan-Lee, 2009-11-01 The feminine holds the mystery of creation This simple and primordial truth is often overlooked but at this time of global crisis which also carries the seeds of a global transformation we need to reawaken to the spiritual power and potential of the feminine Feminine qualities belong to both men and women and they draw us into the depths within us into the mysteries of the soul whose wisdom is called Sophia Without the feminine nothing new can be born nothing new can come into existence we will remain caught in the materialistic images of life that are polluting our planet and desecrating our souls We need to return to the core of our being to where the sacred comes into existence And the mystical feminine holds the key to this work of redemption and transformation Over the past two decades Llewellyn Vaughan Lee has given different teachings on the feminine and the anima mundi the World Soul They are compiled here for the first time Llewellyn Vaughan Lee presents us with a clear picture of the Feminine which is now essential to building a new vision and value for our dear planet earth MARION WOODMAN Ph D Jungian Analyst and author This book is the work of an alchemist a vitally important contribution to the Great Work of rescuing the human soul from the darkness that currently shrouds it In this dangerous transitional time where ignorance confusion and cruelty abound its theme of the need for us to recover and comprehend the Feminine is of absolute and urgent relevance Few people are able to define and evoke the Feminine in the way that Llewellyn Vaughan Lee does in poetic and beautiful prose he speaks directly from his soul to ours acting as advocate for the longing of the anima mundi the World Soul to be welcomed once again into our lives and our culture He knows that this is the time of humanity's awakening each one of us participates in the mystery of the light hidden within us and within all nature that is being awakened For exploring this mystery so directly and deeply and with such insight he deserves our deepest gratitude Women and men alike will welcome and treasure this book ANNE BARING co author *The Myth of the Goddess Evolution of an Image and The Dream of the Cosmos A Quest for the Soul* *The Routledge Handbook of Neoplatonism* Svetla Slaveva-Griffin, Pauliina Remes, 2014-07-25 The Routledge Handbook of Neoplatonism is an authoritative and comprehensive survey of the most important issues and developments in one of the fastest growing areas of research in ancient philosophy An international team of scholars situates and re evaluates Neoplatonism within the history of ancient philosophy and thought and explores its influence on philosophical and religious schools worldwide Over thirty chapters are divided into seven clear parts Resources instruction and interaction Methods and Styles of Exegesis Metaphysics and Metaphysical Perspectives Language Knowledge Soul and Self Nature Physics Medicine and Biology Ethics Political Theory and Aesthetics The legacy of Neoplatonism The Routledge Handbook of Neoplatonism is a major reference source for all students and scholars in Neoplatonism and ancient philosophy as well as researchers in the philosophy of science ethics aesthetics and religion *Freedom and Responsibility in Neoplatonist Thought* Ursula Coope, 2020-04-16 The Neoplatonists have a perfectionist view of freedom an entity is free to

the extent that it succeeds in making itself good Free entities are wholly in control of themselves they are self determining self constituting and self knowing Neoplatonist philosophers argue that such freedom is only possible for non bodily things The human soul is free insofar as it rises above bodily things and engages in intellection but when it turns its desires to bodily things it is drawn under the sway of fate and becomes enslaved Ursula Coope discusses this notion of freedom and its relation to questions about responsibility She explains the important role of notions of self reflexivity in Neoplatonist accounts of both freedom and responsibility In Part I Coope sets out the puzzles Neoplatonist philosophers face about freedom and responsibility and explains how these puzzles arise from earlier discussions Part II explores the metaphysical underpinnings of the Neoplatonist notion of freedom concentrating especially on the views of Plotinus and Proclus In what sense if any is the ultimate first principle of everything the One free If everything else is under this ultimate first principle how can anything other than the One be free What is the connection between freedom and nonbodiliness Finally Coope considers in Part III questions about responsibility arising from this perfectionist view of freedom Why are human beings responsible for their behaviour in a way that other animals are not If we are enslaved when we act viciously how can we be to blame for our vicious actions and choices

The Immanent Person of the Holy Spirit from Anselm to Lombard

Matthew Knell,2009-11-01 This study shows that there has not yet been any comprehensive study of the person of the Holy Spirit in the twelfth century and that such a study has something to add to concepts of twelfth century thought as well as modern debates in pneumatology The richness of debate that took place with the advent of scholasticism and its clashes with more traditional approaches to Christian study raised issues about western conceptions of the Spirit that were both grounded in scripture And The church fathers writings and thoroughly tested by reason and debate
