# The Diehard

**Sydney Alexander Mosely**

## **The Diehard:**

**The Diehard** Jon A. Jackson, 2014-12-09 The explosive debut novel featuring hard nosed cop Fang Mulheisen from an author who stands right up there with the best chroniclers of urban crime The New York Times The city of Detroit doesn't have many places anyone would exactly call nice But the exclusive enclave of Indian Village is an oasis of calm surrounded by urban blight At least until a beautiful young heiress is murdered during a home robbery gone horribly wrong if that really is what happened Detroit's Det Sgt Fang Mulheisen isn't so sure The coincidences of the case are just a bit too coincidental the ruthlessness of the crime goes way beyond a punk thief looking for a quick score and the victim's big banker husband may owe some very bad people more than just money What they want is blood And Mulheisen may be the only man who can keep them from getting it With gritty detail whip smart dialogue and street level action the elaboration of the plot and the quality of the writing put *The Diehard* pretty close to the top of its class The New York Times Book Review **Under the Diehard Brand** L. Ron Hubbard, 2009-10-22 In the classic western movie *The Searchers* Jeffrey Hunter plays a young man with a mission in his heart and a chip on his shoulder The character might well have been modeled on eighteen year old Lee Thompson a trail hand on a mission of his own to save his dad Diehard Thompson the aging sheriff of Wolf River Montana Old Diehard's lost control of his town and it seems every outcast and outlaw west of the Mississippi is on the prowl in Wolf River Now Lee's come all the way from Texas to stand up for his father a man who hasn't seen him since he was a boy and who doesn't know him from Adam Lee's plan is a dangerous one mix in with the desperadoes and risk death at their hand *Under the Diehard Brand* But sometimes the only way to restore the rule of law is to break it Most of the Westerns published in the all fiction magazines of the first half of the twentieth century were written by authors more familiar with the streets of New York than the cattle trails of Texas Hubbard bucked the trend and in the process changed the face of the Western adventure He grew up in a time and a place where the Old West though fading still lived His unique knowledge of the frontier of its ways and its people made him an authentic voice of this unique American experience Also includes the Western adventures *Hoss Tamer* in which a circus horse trainer turned bronco buster has to figure a way to tame a gang of outlaws and *The Ghost Town Gun* Ghost the story of an old prospector who seems to have lost his wits but is he crazy or crazy like a fox Rife with action and adventure and laced with melodramatic undertones Library Journal *The Diehard & Other Stories* Sudha Palit, 1988 **The Diehards** Gregory D. Phillips, 1979 *The Fall of Lloyd George* M.S.R. Kinnear, 1973-06-18 *The Mind of a Diehard* Ambrose Hoskins, 1925 **The Diehards 1914-16** JT Blythe, 2014-10-03 In 1914 the Diehards the 4th Battalion The Middlesex Regiment went to fight on the Western Front in a war that was supposed to be the war to end all wars The horror of the trenches with lice rats mud cold gas and flame throwers Men lying dead and dying in no man's land some whose bodies would not be recovered until after the war ended This account gives an insight into the bravery courage and dedication shown by those men Although the characters are fictitious the events are real as are the facts and figures Author

JT Blythe puts together a story woven round the actual battles the Battalion took part in over the period 1914 1915 giving an insight not only to the horrors of the Western Front but also to the realities of the Home Front and the efforts made by many patriotic women who kept the country working in the absence of their menfolk

**The International Interpreter**  
 Frederick Dixon,1924

**The Mathematical-Function Computation Handbook** Nelson H.F. Beebe,2017-08-20 This highly comprehensive handbook provides a substantial advance in the computation of elementary and special functions of mathematics extending the function coverage of major programming languages well beyond their international standards including full support for decimal floating point arithmetic Written with clarity and focusing on the C language the work pays extensive attention to little understood aspects of floating point and integer arithmetic and to software portability as well as to important historical architectures It extends support to a future 256 bit floating point format offering 70 decimal digits of precision Select Topics and Features references an exceptionally useful author maintained MathCW website containing source code for the book s software compiled libraries for numerous systems pre built C compilers and other related materials offers a unique approach to covering mathematical function computation using decimal arithmetic provides extremely versatile appendices for interfaces to numerous other languages Ada C C Fortran Java and Pascal presupposes only basic familiarity with computer programming in a common language as well as early level algebra supplies a library that readily adapts for existing scripting languages with minimal effort supports both binary and decimal arithmetic in up to 10 different floating point formats covers a significant portion with highly accurate implementations of the U S National Institute of Standards and Technology s 10 year project to codify mathematical functions This highly practical text reference is an invaluable tool for advanced undergraduates recording many lessons of the intermingled history of computer hardware and software numerical algorithms and mathematics In addition professional numerical analysts and others will find the handbook of real interest and utility because it builds on research by the mathematical software community over the last four decades

The House of Lords and Ideological Politics Corinne Comstock Weston,1995 Selborne though not as well known to historians had a high contemporary reputation as an imperial proconsul who had united South Africa According to the referendal theory the house of lords had a duty to refer disputed legislation to the electorate when the house of commons in the lords judgment lacked a mandate for the measure in question That is the lords political barometer was not the commons as Gladstone contended but the nation at large
