become aware of the others existence Is conflict inevitable Will each revert to their warlike past Can these two advanced species survive and share a planet that has no need of either **The Book of the Dragon** Judy Allen, Jeanne Griffiths, 1979 The dragon drifts his way through the art and mythology of the ancient and modern worlds like a recurring dream And dreamlike his forms and attributes change from East to West and from age to age He doesn't exist and yet he features in ancient cosmology and western medieval romance the alchemists used him as a symbol early travellers insisted that they saw him and drew his images on maps and psychologists analysed his impact on the human mind He has been drawn painted carved written about hunted slain prayed to and sacrificed to and offered gifts and abuse in equal measure for centuries The 140 illustrations range from a Chinese dynasty robe to Piero della Francesca's Saint Michael author's website *The Dragons of Eden* Jeremy Drew Carr, 2023-08 About the Book From the darkness of the void a light appeared The light was small and faint at first Then it grew into a circle globe that became bigger and brighter It appeared to be a pearl floating through space Out of the pearl came a sun stars and a galaxy of planets A vortex appeared above a blue planet Below the globe and through the vortex came flying through a giant great white dragon The Dragons of Eden is a thrilling tale that invites young readers to explore a fantastical world of dragons magic and adventure as they learn of the four great dragons North East South and West who protect the world for the Mother Pearl who created them About the Author Jeremy Drew Carr is a U S Army veteran husband and father He was a ship captain for half of his life and developed his imagination on the open seas

Borne, 2025-02-13 Eden has always known her place in the grand bathhouse of Ukiyo a sanctuary for spirits and gods alike As a lowly human staff member the rules are clear no looking no speaking no touching especially when it comes to the gods Crossing their paths is unthinkable But when two devastatingly handsome dragon princes arrive for a soulmate matchmaking event Eden's world is thrown into chaos The twin princes are every bit as dangerous as they are beautiful wicked to their core and utterly merciless They seem to take pleasure in tormenting her testing her limits at every turn Eden knows she should bow to their status and keep her head down but she can't resist pushing back Her fiery defiance becomes her greatest weapon and soon she's not just enduring their games she's playing along What starts as a seductive rebellion turns into something far more dangerous Eden never planned to fall for the arrogant sinful brothers And for the twins Eden was supposed to be just another plaything in their immortal lives But the fire they spark in her and the craving she awakens in them cannot be ignored When they discover she's their soulmate all bets

Sample Book Insights 1 The universe is very old and human beings are very young Events in our personal lives are measured in years or less while our lifetimes are measured in decades The chronology corresponds to the best evidence available But some of it is rather shaky 2 The first cosmic year is measured in seconds and it is clear that what happens on and near Earth at the beginning of the second cosmic year will depend on the scientific wisdom and human sensitivity of mankind Time
