Dictionary of Gems and Gemology Mohsen Manutchehr-Danai, 2013-03-09

Since World War II the amount of information generated in the science of Gemology has increased tremendously Therefore this book *Dictionary of Gems and Gemology* was written with the aim of providing a relatively complete dictionary to assist all students hobbyists scientists and interested parties in the fields of Gems and Gemology The forerunner to this book was called *Dictionary of Gems and Gemology* English Persian Persian English published in Tehran Iran in 1997 It was written with the aid of more than thirty reference books relating to gemology In response to the effort required to clarify the terms within I decided to compile a book that brings all the relevant terms into one book This new book eliminates the use of different reference books and compiles nearly all the relevant terms into a one stop useful text It took twenty five years to collect the terms and the information so as to present a complete and functional lexicon The text is supported by nearly 170 illustrations and 21 tables to provide detailed and succinct information I hope and trust that this book will reach the high standard of other gemological dictionaries If you have criticisms or suggestions please feel free to contact me Professor Dr Mohsen Manutchehr Danai Los Angeles Tehran Regensburg

Famous Diamonds Ian Balfour, 1997 The history of great diamonds is intimately interwoven with the lives of emperors and conquerors great kings and queens with statesmen and soldiers the rich and famous but also inevitably with those who lead more shadowy lives Diamonds have been objects of passion sometimes of war violence and theft As well as being objects of exceptional beauty and rarity they were once thought to possess magical properties that protected their owners from enemies Initially a male prerogative reflecting status and authority these incredible gems later adorned the wives of powerful men and at times were offered as influential gifts Few were immune to the temptation of diamonds many sacrificed their lives and souls to them In **Famous Diamonds** Ian Balfour tells the fascinating stories of almost 80 of these remarkable gems including the famous Koh i Noor which is set in the British Crown Jewels the infamous the deep blue Hope Diamond which is said to bring bad luck to all who handle it the biggest The Cullinan and the Hollywood romantic the Taylor Burton Diamond Some have detailed histories that can be traced from the present day back to the moment they were mined while others have a more mysterious past or have disappeared from view Also included are shorter entries on a further selection of some forty notable diamonds
