The Drowning Season:

The Drowning Season Alice Hoffman, 2014-09-23 From the author of *The Rules of Magic* A novel of a Long Island family matriarch and her namesake granddaughter who discover the power the past holds over their present Esther the Black is eighteen years old and ready to leave the Compound the collection of cottages on the North Shore of Long Island where she has lived all her life But as July turns to August and her family braces for the height of Drowning Season she realizes that she may not be able to escape her family's legacy Her father will find a way through the locked sea wall gate and try to drown himself in the harbor her mother will be too hung over to leave her cottage for days at a time and her grandmother will refuse to say a single kind word Esther the White left home when she was just a girl fleeing her abusive parents across a frozen Russian river with a pocketful of stolen jewels Life has taught her to be cold and unyielding but in the heat of another fraught summer at the Compound she feels her resolve melting away Cohen the landscaper and chauffeur responsible for keeping her son out of the water looks at her with a desire she finds harder and harder to resist Her granddaughter's name may be an insult to tradition but does that mean the poor girl should never feel her grandmother's love or know her story Graceful haunting and wise *The Drowning Season* casts the spell of all great fairy tales It takes daily life and transforms it into myth as we watch Chicago Sun Times

The Drowning Season Laura Hendrix, University of Alabama. Program in Creative Writing, 2006 **The Night House: A Dark Fairy Tale** N. S. Streets, 2026-02-01 You think you know about girls and wolves You've been telling the story wrong She has been empty for exactly two hundred and seventeen days No dreams No feelings Just the grey routine of existing counting mornings like a ritual with no meaning She doesn't know why the emptiness came only that one day she woke and all the color had drained out of everything leaving her hollow as a house with no one home Then the letter arrives Cream colored paper ink the color of old blood a map that makes no sense and somehow she knows the way The night house has a room for you Come when you're ready You're ready The house breathes The house has always been waiting for her Inside she finds the kept ones dreamers whose sorrows are too heavy to survive alone and the tenders who sit with them fading slowly into

nothing She finds Madame whose face never stops shifting She finds a boy drowning in guilt a child who built a fortress from trauma a man who has been waiting forty years for someone who will never wake And beneath it all in the darkness below the stairs that go down forever she finds the wolf The wolf is not what the stories say The wolf is ancient and tired and lonely The wolf has been carrying the weight of other people s dreams for centuries and it is ready to rest It offers her a choice fade into nothing or become something with teeth Something necessary Something that feeds on sorrow and leaves the dreamers lighter Something like mercy A dark fairy tale about emptiness transformation and the hunger that might just save you For anyone who has ever felt hollow For anyone who has wondered if the emptiness has a purpose For anyone ready to find out what waits at the bottom of the dark

Adolescent Female Portraits in the American Novel 1961-1981 Jane S. Bakerman,Mary Jean DeMarr,2019-10-01 Originally published in 1983 this title lists and annotates reference sources which will help readers select primary materials useful in studies of the literary portraits of women and their societal roles The years 1961 to 1981 were set as boundaries for this volume because the author s initial research revealed that a twenty year span was a manageable unit because the novels published between those dates yielded abundant materials for such a reference work and because significant changes in the way portraits of adolescent females were being drawn took place during the period for example sex role stereotyping became a shade less prevalent young women s sexuality was discussed more forthrightly and some topics such as single women s pregnancies and lesbianism were treated more overtly sometimes less judgementally
