Chau, 2004-06 After the Terror Wars the world is still a dangerous place Drug Cartels continue to supply drugs shadowy criminal organizations have emerged and bounty hunters operate in defiance of the law In the ongoing War on Drugs the conflict escalates when the U S President unleashes the full force of the U S military to destroy the Drug Cartels once and for all Meanwhile in Jersey City N J the police are investigating the mysterious shootings of drug dealers They suspect the killings to be a part of the ongoing gang war which has erupted between the various Drug Cartels What they do not know is that the killer is in fact a vigilante on a blood hunt *Script Tease* Dylan Callaghan, 2012-10-18 The Newest Screenwriting Secrets What do an erstwhile stripper an ex gambling addict and a stoned Canadian teenager have in common They wrote your favorite movies and they re not who you d expect Diablo Cody Juno Darren Aronofsky The Wrestler and Seth Rogan Superbad are among the scribes interviewed in *Script Tease* your main line to the most current screenwriting wisdom Their funny even touching tales of how they made it despite the odds will give you a revealing look into what it really takes to get into the industry With the guidance of recent greats like Aaron Sorkin The Social Network and the Coen Brothers True Grit you will learn how to hone your craft and make it in an industry where only the best succeed *The Politics of HBO's The Wire* Shirin Deylami, Jonathan Havercroft, 2014-12-17 This innovative new work suggests that The Wire reflects not simply a cultural take on contemporary America but a structural critique of the conditions of late modernity and global capitalism As such it is a visual text worth investigating and exploring for its nuanced examination of power difference and inequality Deylami Havercroft bring together nine essays addressing issues of interest to a range of academic fields in order to engage with this important cultural intervention that has transfixed audiences and sparked debate within the social scientific community While the TV show is primarily focused upon the urban politics of Baltimore the contributors to this volume read Baltimore as a global city That is they argue that the relations between race class power and violence that the series examines only make sense if we understand that inner city Baltimore is a node in a larger global network of violence and economic inequality The book is divided into three interrelated sections focusing on systemic and cultural violence the rise and decline of national and state formations and the dysfunctional and destructive forces of global capitalism Throughout the series the relation of the urban to the global is constantly being explored This innovative new volume explains clearly how The Wire portrays this interaction and what this representation can show social scientists interested in race neo liberal processes of globalization criminality gender violence and surveillance *Alternative Scriptwriting* Ken Dancyger, Jeff
