The Duke's Children Complete Anthony Trollope, 2020-10-22 He was alone in the world and there was no one of whom he could ask a question After the sudden death of his wife two years after he has left office as Prime Minister the Duke of Omnium must become deeply involved with his children for the first time They vex him enormously with school expulsions vast gambling debts and what he considers to be calamitous romantic attachments He tries to compel them to do what he wants but they are not so easy to manage Even when his eldest child and heir Lord Silverbridge makes him proud by embarking upon a political career the Duke grapples with heartache For Silverbridge becomes a Conservative rather than a Liberal flouting the family tradition The relationship between father and son is drawn with remarkable subtlety and the book as a whole becomes a piercing yet often humorous exploration of change how both the young and the old resist tolerate or embrace it Trollope cut roughly 65 000 words at a vulnerable moment in his career to get the novel published but concluded rapidly that he had made a grievous error After a painstaking reconstruction by a team of researchers *The Duke's Children* the final book in Trollope's famed Palliser series can now be read the way he first intended It is a masterpiece of Victorian fiction

left town the Duchess was complaining of cold sore throat and debility A week after their arrival at Matching She was dead Had the heavens fallen and mixed themselves with the earth had the people of London risen in rebellion with French ideas of equality had the Queen persistently declined to comply with the constitutional advice of her ministers had a majority in the House of Commons lost its influence in the country the utter prostration of the bereft husband could not have been more complete It was not only that his heart was torn to pieces but that he did not know how to look out into the world It was as though a man should be suddenly called upon to live without hands or even arms He was helpless and knew himself to be helpless Hitherto he had never specially acknowledged to himself that his wife was necessary to him as a component part of his life Though he had loved her dearly and had in all things consulted her welfare and happiness he had at times been inclined to think that in the exuberance of her spirits she had been a trouble rather than a support to him But now it was as though all outside appliances were taken away from him There was no one of whom he could ask a question About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

CHAPTER VIII BONE OF MY BONE

How is it now between you and her? That was the question which the Duke put to his son as soon as he had closed the door of the study. Lady Mabel had just been dismissed from the front door on her journey and there could be no doubt as to the her intended. No such question would have been asked had not Silverbridge himself declared to his father his purpose of making Lady Mabel his wife. On that subject the Duke without such authority would not have interfered. But he had been consulted, had acceded, and had encouraged the idea by excessive liberality on his part. He had never dropped it out of his mind for a moment. But when he found that the girl was leaving his house without any explanation, then he became restless and inquisitive. They say that perfect love casteth out fear. If it be so, the love of children to their parents is seldom altogether perfect and perhaps had better not be quite perfect. With this young man it was not that he feared anything which his father could do to him; that he believed that in consequence of the declaration which he had to make his comforts and pleasures would be curtailed or his independence diminished. He knew his father too well to dread such punishment. But he feared that he would make his father unhappy and he was conscious that he had so often sinned in that way. He had stumbled so frequently. Though in action he would so often be thoughtless, yet he understood perfectly the effect which had been produced on his father's mind by his conduct. He had it at heart to be good to the governor, to gratify that most loving of all possible friends, who as he knew well was always thinking of his welfare. And yet he never had been good to the governor.
