The Dying Animal:

The Dying Animal Philip Roth, 2002-07-09 The unforgettable story of an affair between a star lecturer at a New York college and the beautiful daughter of Cuban exiles and the quagmire of sexual jealousy and loss that ensues from the renowned Pulitzer Prize winning author of American Pastoral A disturbing masterpiece The New York Review of Books No matter how much you know no matter how much you think no matter how much you plot and you connive and you plan you are not superior to sex With these words our most unflaggingly energetic and morally serious novelist launches perhaps his fiercest book The speaker is David Kepesh white haired and over sixty an eminent cultural critic and star lecturer at a New York college as well as an articulate propagandist of the sexual revolution For years he has made a practice of sleeping with adventurous female students while maintaining an aesthete's critical distance But now that distance has been annihilated The agency of Kepesh's undoing is Consuela Castillo the decorous and humbly beautiful 24 year old daughter of Cuban exiles When he becomes involved with her Kepesh finds himself dragged helplessly bitterly furiously into jealousy and loss In chronicling this descent Philip Roth performs a breathtaking set of variations on the themes of eros and mortality license and repression selfishness and sacrifice The Dying Animal is a burning coal of a book filled with intellectual heat and not a little danger

Mocking the Age Elaine B. Safer, 2012-02-01 The first comprehensive assessment of Philip Roth's later novels Mocking the Age offers rich and insightful readings that explore how these extraordinary works satirize our contemporary culture From The Ghost Writer to The Plot Against America Roth uses humor to address deadly serious matters including social and political issues psychological problems postmodern concerns and the absurd In her clear and extensive analyses of these works Elaine B Safer looks at how Roth's approach to the comic incorporates the self deprecating humor of Jewish comedians as well as the humor of nineteenth century Eastern European Jewish storytellers and such twentieth century writers as Bernard Malamud and Saul Bellow Filling the void on critical examinations of Roth's later work Safer's book provides a thorough appraisal of Roth's lifetime accomplishment and an essential evaluation of his comic genius

What Price Utopia? Daphne Patai,2008-05-29 This volume brings together for the first time more than two dozen of Daphne PataiOs incisive and at times satirical essays dealing with the academic and intellectual orthodoxies of our time Patai draws on her years of experience in an increasingly bizarre academic world where a stifling politicization threatens genuine teaching and learning Addressing the rise of feminist dogma the domination of politics over knowledge the shoddy thinking and moralizing that hide behind identity politics and the degradation of scholarship her essays offer a resounding defense of liberal values Patai takes aim at the unctuous and also dangerous posturing that has brought us restrictive speech codes harassment policies and a vigilante atmosphere while suppressing plain speaking about crucial issues But these trenchant essays are not limited to academic life for the ideas and practices popularized there have spread far beyond campus borders Included are two new pieces written especially for this volume one on the bullying tactics of a famous feminist and the other on Islamic fundamentalism
