## **The Early Victorians:**

The Social Conscience of the Early Victorians F. David Roberts, 2002-08-07 In 1830 the dominant social outlook of the early Victorians was a paternalism that looked to property the Church and local Justices of the Peace to govern society and deal with its ills By 1860 however the dominant social outlook had become a vision of a laissez faire society that relied on economic laws self reliance and the vigorous philanthropy of voluntary societies This book describes and analyzes these changes which arose from the rapid growth of industry towns population and the middle and working classes Paternalism did not entirely fade away however just as a laissez faire vision had long antedated 1830 Both were part of a social conscience also defined by a revived philanthropy a new humanitarianism and a grudging acceptance of an expanded government all of which reflected a strong revival of religion as well as the growth of rationalism The new dominance of a laissez faire vision was dramatically evident in the triumph of political economy By 1860 only a few doubted the eternal verities of the economists voluminous writings Few also doubted the verities of those who preached self reliance who supported the New Poor Law s severity to persons who were not self reliant and who inspired education measures to promote that indispensable virtue If economic laws and self reliance failed to prevent distress the philanthropists and voluntary societies would step in Such a vision proved far more buoyant and effective than a paternalism whose narrow and rural Anglican base made it unable to cope with the downside of an industrial urban Britain But the vision of a laissez faire society was not without its flaws Its harmonious economic laws and its hope in self reliance did not prevent gross exploitation and acute distress and however beneficent were its philanthropists they fell far short of mitigating these evils This vision also found a rival in an expanded government Two powerful ideas the idea of a paternal government and the idea of a utilitarian state helped create the expansion of government services A reluctant belief in governmental power thus joined the many other ideas that defined the Victorian s social conscience The Early Victorians, 1832-1851 John Fletcher Clews Harrison, 1971 Examines the social structure relationships among groups and individuals the institutions that defined and maintained the relationships and attitudes of the period The Early Victorians at Home, 1837-1861 Elizabeth Burton, 1972 The Earlier Victorian Period Ernest Bernbaum, 1930 **A Brief History of Life in Victorian Britain** Michael Paterson, 2013-02-07 The Victorian era has dominated the popular imagination like no other period but these myths and stories also give a very distorted view of the 19th century The early Victorians were much stranger than we usually imagine and their world would have felt very different from our own and it was only during the long reign of the Queen that a modern society emerged in unexpected ways Using character portraits events and key moments Paterson brings the real life of Victorian Britain alive from the lifestyles of the aristocrats to the lowest ranks of the London slums This includes the right way to use a fan why morning visits were conducted in the afternoon what the Victorian family ate and how they enjoyed their free time as well as the Victorian legacy today convenience food coffee bars window shopping mass media and celebrity culture Praise for Dicken s London Out of the

babble of voices Michael Paterson has been able to extract the essence of London itself Read this book and re enter the labyrinth of a now ancient city Peter Ackroyd     **The Early Victorians at Home** Elizabeth Burton,1972     **Studies in Early Victorian Literature** Frederic Harrison,1902     **Provincial Police Reform in Early Victorian England** Roger Swift,2021-04-21 The establishment of new police forces in early Victorian England has long attracted historical enquiry and debate albeit with a general focus on London and the urban industrial communities of the Midlands and the North This original study contributes to the debate by examining the nature and process of police reform the changing relationship between the police and the public and their impact on crime in Cambridge a medium sized county town with a rural hinterland It argues that the experience of Cambridge was unique for the Corporation shared co jurisdiction of policing arrangements with the University and this fractious relationship as well as political rivalries between Liberals and Tories impeded the reform process although the force was certified efficient in 1856 Case studies of the careers of individual policemen and of the crimes and criminals they encountered shed additional light on the darker side of life in early Victorian Cambridge and present a different and more nuanced picture of provincial police reform during a seminal period in police history than either the traditional Whig or early revisionist Marxist interpretations implied As such it will support undergraduate courses in local social and criminal justice history during the Victorian period     *Early Victorian Methodism* Jabez Bunting,William Reginald Ward,1976     **The Victorian Law Reports** Victoria. Supreme Court,1928     Some Aspects of Business Life in Early Victorian Fiction ...
