The Rng Spin:

Casino Confidential Anonymous,2015-11-24 In *Casino Confidential* a veteran pit boss and dealer who must remain anonymous takes readers behind the scenes to show where casinos are most vulnerable and which bets are simply a waste of money Through chapters on blackjack Texas hold em roulette craps baccarat slot machines and more readers will learn Basic strategy for the most popular casino games Five keys to successful gambling Tips for identifying and maintaining positive streaks Advice on money and bankroll management and much more Along the way Anonymous shares examples and anecdotes gleaned from a career working as a pit boss and keeping high rollers under his thumb You ve been told again and again that the odds are stacked against players but that doesn t stop thousands of gamblers from winning big every day Discover what they all have in common and what the house doesn t want you to know in *Casino Confidential* *The Puzzlewright Guide to Casino Gambling* Andrew Brisman,2021-09-07 Read this book and we bet that the cash you save in just one trip to the casino will more than make up for its cost Simply put this is the best guide to gambling ever written It reveals the secrets of success known only to the most expert gamblers how to bet smart play the cards right recognize when the odds are in your favor and walk away a winner You ll learn about beating the bank with odds and probability the house edge money management and the psychology of gambling Here s all the info you need to play each game like a genius *Card Games All-in-One For Dummies* The Experts at Dummies,2016-10-06 Play your cards right and get an ace up your sleeve Whether you re looking to tackle a Texas Hold em tournament or beat a friendly competitor at Gin Rummy *Card Games All In One For Dummies* helps you stack the odds in your favor to start playing and winning the world s most popular card games From Bridge and Hearts to Blackjack card games are timeless activities that offer loads of fun bringing people of all ages together to socialize and have a hand at some friendly competition But if you re ready to up the ante this all encompassing guide gives you the card playing power to apply winning strategies and tips to master your game of choice and beat your opponents Build upon and improve your card playing skills Develop a winning strategy for popular card game Find and play card games online Teach kids to play cards responsibly Whether you re playing for fun or real stakes *Card Games All In One For Dummies* is your one stop ace in the hole to come up trumps **Understanding Your Game: A Mathematician's Advice for Rational and Safe Gambling** Catalin Barboianu,2022-04-15 Dr C t lin B rboianu a recognized authority in gaming mathematics philosopher of science and problem gambling researcher proposes in this practical guide for both problem and non problem gamblers a new pragmatic conceptual approach of gambling mathematics The primary aim of this guide is the adequate understanding of the essence and complexity of gambling through its mathematical dimension The author starts from the premise that formal gambling mathematics which is hardly even digestible for the non math inclined gamblers is ineffective alone in correcting the specific cognitive distortions associated with gambling By applying the latest research results in this field the author blends the gambling mathematics concepts with the epistemology of applied

mathematics and cognitive psychology for providing gamblers the knowledge required for rational and safe gambling It is not a standard book of gambling mathematics The essential mathematical concepts are explained in a conceptual mode for the non math reader limited to their context of application and including their precise relationship with the real world of gambling The entire mathematical dimension of gambling is reduced to seven general principles explained at large in the seven main chapters each generating a set of general recommendations applicable in general or in particular situations These recommendations cover both the technical play including objective and optimal strategies and responsible safe gambling The guide has entire sections dedicated to roulette blackjack slots poker and sport betting however the principles and the associated advice are applicable in general to all games of chance A major focus of the work is on explaining making aware of demounting and correcting the classical gambling cognitive distortions misconceptions subjective estimations of probabilities the Monte Carlo fallacy conjunction and disjunction fallacies the near miss effect illusion of control and the misunderstanding of gambling language The guide provides the required cognitive tools for correcting these distortions with the help of the mathematical concepts and addresses not only gamblers but also gambling experts including counselors

The History of Problem Gambling Peter Ferentzy, Nigel Turner, 2013-03-26 This book documents the history of ideas about problem gambling and its link to addictive disorders The book uses a combination of literature review and conceptual and linguistic analysis to explore the way ideas about problem gambling have changed over time It examines the religious socio cultural and medical influences on the development of the concept of problem gambling as a disease along with the ways in which such ideas were influenced by attitudes about substance abuse The history of mental illness notably as it pertains to themes such as loss of control over behavior is also addressed The book ends with a discussion of the current status and future prospects with an eye to which ideas about problem gambling and addictions seem most promising and which should perhaps be left behind
