REFORMATION*

*Religious Politics in English
Literature 1789-1824*

ROBERT M. RYAN

To Annihilate the Self

Head of Decent & the Divine

The Romantic Reformation

Christopher John Murray

The Romantic Reformation:

The Romantic Reformation Robert M. Ryan, 1997-07-13 This is the first book to examine the literature of the Romantic period as a conscious attempt to affect the religious transformation of society Robert Ryan argues that the political quarrel that preoccupied England during the Romantic period was in large part an argument about the religious character of the nation and that the Romantics became active and conspicuous participants in this public debate Ryan shows how the careers of the Romantic poets are radically reconfigured when viewed in the context of the period's passionate debate on religion politics and society

30 Great Myths about the Romantics Duncan Wu, 2015-03-04 Brimming with the fascinating eccentricities of a complex and confusing movement whose influences continue to resonate deeply *30 Great Myths About the Romantics* adds great clarity to what we know or think we know about one of the most important periods in literary history Explores the various misconceptions commonly associated with Romanticism offering provocative insights that correct and clarify several of the commonly held myths about the key figures of this era Corrects some of the biases and beliefs about the Romantics that have crept into the 21st century zeitgeist for example that they were a bunch of drug-addled atheists who believed in free love that Blake was a madman and that Wordsworth slept with his sister Celebrates several of the mythic objects characters and ideas that have passed down from the Romantics into contemporary culture from Blake's Jerusalem and Keats's Ode on a Grecian Urn to the literary genre of the vampire Engagingly written to provide readers with a fun yet scholarly introduction to Romanticism and key writers of the period applying the most up-to-date scholarship to the series of myths that continue to shape our appreciation of their work

Romanticism and Transcendence J. Robert Barth, 2003 Grounded in the thought of Samuel Taylor Coleridge *Romanticism and Transcendence* explores the religious dimensions of imagination in the Romantic tradition both theoretically and in the poetry of Wordsworth and Coleridge J Robert Barth suggests that we may look to Coleridge for the theoretical grounding of the view of religious imagination proposed in this book but that it is in Wordsworth above all that we see this imagination at work

Jacket [Censorship and the Representation of the Sacred in Nineteenth-Century England](#) Jan-Melissa Schramm, 2019-05-27 Throughout the nineteenth century the performance of sacred drama on the English public stage was prohibited by law and custom left over from the Reformation successive Examiners of Plays under the control of the Lord Chamberlain's Office censored and suppressed both devotional and blasphemous plays alike Whilst the Biblical sublime found expression in the visual arts the epic and the oratorio nineteenth century spoken drama remained secular by force of precedent and law The maintenance of this ban was underpinned by Protestant anxieties about bodily performance impersonation and the power of the image that persisted long after the Reformation and that were in fact bolstered by the return of Catholicism to public prominence after the passage of the Catholic Relief Act in 1829 and the restoration of the Catholic Archbishoprics in 1850 But even as anti-Catholic prejudice at mid-century reached new heights the turn towards medievalism in the visual arts antiquarianism in literary history and the

popular in constitutional reform placed England's pre-Reformation past at the centre of debates about the uses of the public stage and the functions of a truly national drama. This book explores the recovery of the texts of the extant mystery play cycles undertaken by antiquarians in the early nineteenth century and the eventual return of sacred drama to English public theatres at the start of the twentieth century. Consequently, law, literature, politics, and theatre history are brought into conversation with one another in order to illuminate the history of sacred drama and Protestant anti-theatricalism in England in the long nineteenth century.
