The Miller's Youngest Daughter Grace Fallow Norton,1924 [Conscription and the Search for Modern Russian Jewry](#) Olga Litvak,2006-12-06 Olga Litvak has written a book of astonishing originality and intellectual force In vivid prose she takes the reader on a journey through the Russian Jewish literary imagination Benjamin Nathans Russian Jews were first conscripted into the Imperial Russian army during the reign of Nicholas I in an effort to integrate them into the population of the Russian Empire Conscripted minors were to serve in practical terms for life Although this system was abandoned by his successor the conscription experience remained traumatic in the popular memory and gave rise to a large and continuing literature that often depicted Jewish soldiers as heroes This imaginative and intellectually ambitious book traces the conscription theme in novels and stories by some of the best known Russian Jewish writers such as Osip Rabinovich Judah Leib Gordon and Mendele Mokher Seforim as well as by relatively unknown writers Published with the generous support of the Koret Foundation

Goethe's Families of the Heart Susan E. Gustafson,2016-06-30 Throughout his literary work Goethe portrays characters who defy and reject 18th and 19th century ideals of aristocratic and civil families notions of heritage assumptions about biological connections expectations about heterosexuality and legal mandates concerning marriage The questions Goethe s plays and novels pose are often modern and challenging Do social conventions family expectations and legal mandates matter Can two men or two women pair together and be parents How many partners or parents should there be Two One A group Can parents love children not biologically related to them Do biological parents always love their children What is the nature of adoptive parents children and families Ultimately what is the fundamental essence of love and family Gustafson demonstrates that Goethe s conception of the elective affinities is certainly not limited to heterosexual spouses or occasionally to men desiring men A close analysis of Goethe s explication of affinities throughout his literary production reveals his rejection of loveless relationships for example arranged marriages and his acceptance and promotion of all relationships formed through spontaneous affinities and love including heterosexual same sex nonexclusive group parental and adoptive

Finding Runaways and Missing Adults Robert L.

Snow,2012-03-29 Every year in the United States almost two million children run away from home In addition on the average the police in our country have at any one time over 100 000 active missing adult cases This book will show readers how with just a little advance preparation and insight they can greatly increase their chances of finding a missing loved one even after police have stopped actively looking With sensationalized child disappearances teenagers vanishing and adults faking their own deaths the challenge of finding missing persons often falls most directly on those who love them And though in past years this involved a considerable amount of footwork that is no longer the case With the advent of the Internet and the many new search engines available much of the searching and canvassing can now be done from computers Family members and friends looking for missing loved ones need to know what programs and databases to access though to get the search under way Snow reveals to readers the process the police use when trying to locate missing people of interest information that readers can then use to locate their own missing loved ones Using real stories and first hand accounts the author offers hope and guidance to those who may have given up the search for a child a spouse a parent or a friend **The prodigal**
