*The Saliva Tree* Brian W. Aldiss, 2001      *The Saliva Tree* Brian Wilson Aldiss, 1966      *The Saliva Tree* Brian Wilson Aldiss, 1968      **The Saliva Tree and other growths** Brian Wilson Aldiss, 1971      **The Saliva Tree** Brian W. Aldiss, 2015-05-19 Invisible aliens invade the bucolic English countryside in Brian W Aldiss s Nebula Award winning science fiction novella plus nine other stories of the fantastic and the odd A meteor shower in the skies above the rolling English countryside late in the nineteenth century fires the imagination of a young man with a penchant for science especially when one of the falling rocks breaks off from the rest and lands at the bottom of a pond near the Benford farm While the young man s curiosity has been seriously aroused Farmer Benford and his clan couldn t be less interested not even when there s a sudden curious rash of animal births they notice odd lingering pervasive smells and the family dog dies inexplicably Still the young man is not willing to abandon his investigation into these strange occurrences even as it becomes increasingly apparent that to keep looking could prove injurious and perhaps even fatal not only to himself but to every Benford in the vicinity Grand Master Brian W Aldiss wrote his wonderfully strange and gripping novella *The Saliva Tree* as a tribute to H G Wells the immortal author of *The Time Machine* and *War of the Worlds* and it was honored with a Nebula Award Included alongside this classic tale of creeping alien terror are nine other sparkling gems of short fiction from the grisly baby steps of a novice serial killer to the travels of a history professor through alternate worlds to the journey of a young widow who has both a murderer and a monster vying for her attention      **Saliva Tree** Brian Wilson Aldiss, 1966      **Brian Aldiss** Michael R. Collings, 1986-01-01 A guide to Aldiss s fictional output from the 50 s to the 80 s      *The Complete Short Stories: The 1960s* Brian W. Aldiss, 2025-05-13 The entire catalog of the Hugo Award winning author s science fiction stories from the 1960s all four volumes in one book Featuring *Supertoys Last All Summer Long* the basis of the Steven Spielberg film *A.I. Artificial Intelligence* One of the best SF writers Britain has ever produced Iain M Banks Hailed by the Guardian as a master of the form Science Fiction Grand Master Brian W Aldiss came into his own as an author in the early 1960s He created enough short fiction over the course of one decade to fill four volumes This edition of *The Complete Short Stories The 1960s* combines all four into one complete collection The stories herein gathered from diverse and often rare sources showcase how Aldiss became one of Great Britain s most beloved authors and how his work exemplifies the New Wave style He was constantly experimenting with form and content and exploring new ideas In this collection you will meet astronauts approaching a star swallowing vortex a mother and son captured by aliens and taken to a world where time runs backward a robot who commits suicide and a unique little boy who is closer to his teddy bear than his own mother The scope of Aldiss s imagination and his gifted prose are sure to challenge and delight readers both old and new This special short story collection is a must have for Aldiss fans as well as an exciting introduction to the work of a true master      **The London Lancet** , 1844      **The Lancet** , 1844      *Brian W. Aldiss* Paul Kincaid, 2022-07-12 Brian W Aldiss wrote classic science fiction

novels like *Report on Probability A* and *Hothouse Billion Year Spree* his groundbreaking study of the field defined the very meaning of SF and delineated its history Yet Aldiss's discomfort with being a guiding spirit of the British New Wave and his pursuit of mainstream success characterized a lifelong ambivalence toward the genre Paul Kincaid explores the many contradictions that underlay the distinctive qualities of Aldiss's writing Wartime experiences in Asia and the alienation that arose upon his return to the cold austerity of postwar Britain inspired themes and imagery that Aldiss drew upon throughout his career He wrote of prolific nature overwhelming humanity believed war was madness even though it provided him with the happiest period of his life and found parallels in the static lives of Indian peasants and hidebound English society As Kincaid shows contradictions created tensions that fueled the metaphorical underpinnings of Aldiss's work and shaped not only his long career but the evolution of postwar British science fiction
