

# The Way It Works

**Xiaolong Qi**

## **The Way It Works:**

The World's Work, 1910      **The Way It Works**, 2010 Walter Davis is young handsome intelligent dynamic and personable The product of a bi racial marriage but abandoned by his father as a young child he prides himself on three things his drive to succeed his fine clothes and never having been late for anything in his life Walter is also homeless The medical expenses that came with his mother s brief and unsuccessful battle against cancer have left him destitute Still ever the optimist Walter believes that if he lives in his car for a few months he will have the time he needs to find a good job in the business world and turn his life around His situation gets more complicated when he finds himself attracted to a girl he meets at the mailing center where he keeps a post box But trying to impress a girl when you have no fixed address proves difficult and when he s caught in a lie she shuns his company Walter s struggles grow when his car is impounded and he can t afford to pay the fine Only resilience ingenuity and his drive to succeed can bring Walter back from the brink of despair

The Art Experience Alex Rajczi, 2024-04-24 The Art Experience An Introduction to Philosophy and the Arts takes readers on an engaging and accessible journey that explores a series of fundamental questions about the nature of art and aesthetic value The book s 12 chapters explore three questions What makes something a work of art How should we experience art to get the most out of it Once we understand art how should we evaluate whether it is good or bad Philosophical theory is illustrated with concrete examples the paintings of Frida Kahlo the music of Johann Sebastian Bach the masks of the Nso people and many others Classic questions are balanced with cutting edge challenges such as Linda Nochlin s work on the exclusion of women from the artistic canon The Art Experience presupposes no prior knowledge of philosophy or art and it will be of interest to any reader seeking an accessible and engaging introduction to this field Along the way readers learn how philosophical theories can affect our real world experiences with painting music theater and many other art forms Key Features Accessible for any college student assumes no knowledge of philosophy art theory or any artistic medium Organizes topics conceptually rather than historically allowing students to more easily grasp the core issues themselves rather than tracing their historical evolution Offers readers a large number of contemporary examples and a consistent focus on the way theory can affect people s real world experiences with art Explores questions about bias for example whether the artistic canon has excluded some groups unfairly and whether definitions of art are Western biased      Bulletin of the Bureau of
