The Wizard's Daughter and Other Stories (Dodo Press) Margaret Collier Graham,2008-12 Margaret Collier Graham 1850 1910 was the author of *The Withrow Water Right* 1892 *Idy* 1893 *Alex Randall s Conversion* 1893 *Stories of the Foot Hills* 1895 *At the Foot of the Trail* 1901 *The Wizards Daughter and Other Stories* 1905 *Gifts and Givers* *A Sermon for all Seasons* 1906 and *Do They Really Respect Us and Other Essays* 1912 *Adventure Stories of Wizards* Dreamland Team,2016-06-17 A wizard is a person who has the capacity to bend the natural forces around himself to suit his uses This is called magic A wizard uses such power to complete his goals Kids like to read stories about wizards and their feats very much The characters in these stories can travel through time through inner outer or cyber space and live in magical realms or alternate univers es with swords and sorcery or dungeons and dragons In this book we have gathered some very interesting and fascinating wizard stories The illustrations make the stories much more attractive We sincerely hope that these stories entertain the readers The Wizard's Daughter Dilys Gater,2009-07 *Wizard's Daughter* ,2007 Wizard of the Two Niles Mohamed A. Eno,2015-04-30 In these poems the imaginary peculiar and the experiences lived comingle in versatile rhythms and rhymes Whether the anthological presentation of the imaginary or the demonstration of the experiences or whether both were coincidental is a matter for readers to decide drawing their own perceptions of yet another imaginary tale in which the narrative leads them rather than the narrator This is because some of the narratives exhibited here are indeed unusual and would require a great deal of patience on the part of the reader to separate what was the original imaginary and what has been encountered as peculiar experience that had disturbed the narrator prior to the narration of the odd encounter On the other hand the complex world of experience has a variety of underpinning factors Is the experience in question a lived one Is it a seen or witnessed reality Does it relate to the imagery and imagination of the narrator writer author etc Are the observations through the imagination and the subjects of the imagery metaphorical Or is the experience an authorial portrayal of a social reality shared or witnessed by others These in my opinion offer a reflection of how a reader decoder will interpret the poetic narratives expressed in the verses and at their disposal The aim as Ive done here is to present to the reader what to reflect on and the type of reflection the quality of meaning to be made out of the narrative and narration is to be left to the reader This is what I have done in many of the poems in this collection
