**Asia Literacy in a Global World** Hannah Soong, Nayia Cominos, 2018-08-20 This book is particularly timely in light of continuing international efforts to integrate Asia literacy into a national educational system where understanding of Asia its languages cultures histories and beliefs is still at an emergent stage for a nation that is evolving into what George Megalogenis refers as an Eurasian society 2015 The contributors to this collection range from the pioneers who created and developed the Asia literacy research space to those who bring additional new theoretical insights through disciplines such as linguistics and ethnography Their analysis has resulted in recommendations to develop a deeper understanding of working and living in diverse communities The book also brings together theoretical perspectives on the current Australian socio cultural and political context and how that can impact on pedagogical advancement in Asia literacy The book argues for a broadening focus on what the outcomes Asia literacy in a global world can be for all Australians and offers counter narratives to the myth of a homogenous White Australian culture to provide new ways of engaging with curriculum and pedagogy that transcend superficial awareness of multiculturalism to embrace realistic and reflective principles of global education
