Success is Assured Penny W. Cloft, Michael N. Kennedy, Brian M. Kennedy, 2018-09-03 Success is Assured was born from a pair using those design practices over a century ago The Wright Brothers They set about methodically learning the causal relationships between the different design decisions they needed to make and the performance of the airplane The Wright Brothers fundamentally transformed the front end of development into a sharply focused learning and decision making process and thereby eliminated the late process rework in which their competition was stuck Similarly Toyota built an amazing manual product development system that consistently created a cadence of high quality products that customers want Myriads of Lean principles jargon and tools have been introduced and applied with minimal impact on design loopbacks engineering productivity and knowledge reuse within small to midsize engineering companies and almost no penetration within highly complex engineering companies This book teaches methodologies to relentlessly expose knowledge gaps and trade offs early and optimize results before detailed design begins thereby avoiding the expensive firefighting and engineering rework that consume most of our engineering capacity today This book teaches new thinking and methodologies to convert the chaotic front end of product development into a convergent process of set based learning and continuous innovation a game changer for companies that depend upon a steady flow of innovative products Watch this video and understand how to consistently satisfy your customers on time and on budget Visit [www.SuccessIsAssured.com](http://www.SuccessIsAssured.com)

**Into the Unknown** Jack Uldrich, Meriwether Lewis, William Clark, 2004 If life is an adventure no one will ever live it more fully than Meriwether Lewis and William Clark Commissioned by President Thomas Jefferson to explore the rumored Northwest Passage Lewis and Clark instead discovered a seemingly endless land whose very existence foretold a future America infinitely different from what had been imagined May 2004 marks the beginning of a two and a half year bicentennial celebration of their incredible journey and its significance to the history of America Against staggering odds these unique men inspired such absolute loyalty in each other and in their group that they are still widely regarded as the most successful leadership team in American history Today's leadership adventures unfold in the rugged terrain of business and who better than Lewis and Clark to lead us through its toughest challenges Their story resonates with business leaders of our time because they had to Think strategically Make tough and timely decisions Surround themselves with good people Manage resources Motivate the team Deal with different cultures Assimilate information from many sources Balance long term goals against short term realities Learn from their mistakes Try new approaches Most importantly they had to persevere and change course in the face of adversity Their lessons will inspire business leaders to take their
