The Written Word Of Kabbalism:

The Holy Kabbalah Arthur Edward Waite,1929 *Mysticism and Alchemy through the Ages* Gary Edson,2012-09-18 An in depth look into the foundations of mysticism and alchemy this book describes both physical and spiritual aspects of the various theories and practices of transformation with attention to the beliefs of Buddhism Christianity Hinduism Islam Judaism Sufism Tantrism Taoism and Yoga The connection between early mystical pursuits and the development of alchemy from ancient China India and Egypt through Moorish Spain and into Latin Europe are illuminated along with the activities of early alchemists The book which is heavily illustrated describes the beliefs experiments and secret messages that drew the believers and dreamers of the world together in search of wealth and immortality Morality, Violence, and Ritual Circumcision Na'ama Carlin,2022-11-30 This book uses the Jewish ritual of circumcision to consider how violent acts are embedded within entrenched moral discourses and offers a new perspective for thinking about violence Intervening in contemporary debates on the Jewish ritual of circumcision it departs from both the ordinary secular defences of circumcision for medical reasons and the criticisms that consider it an unethical violation of bodies that cannot consent An examination of the intersection of violence and morality this book rejects the binary logic on which popular debates on circumcision hinge arguing that in some instances violence can be a productive experience and can thus be considered beyond good and bad Engaging with the works of Jacques Derrida the author puts forward a framework of violence of ontology which is characterised as a violence that is related to existence the violence of being which resists definition through binary oppositions In so doing the author contends that circumcision is in fact a form of generative violence that is leveraged for cultural purposes and inherent in the making of bodies As such this volume offers a compelling framework that investigates the relationship between bodies identities ethics and violence and will therefore appeal to scholars of sociology social theory and religion with interests in the sociology of the body ritual and cultural studies *Harold Bloom (Routledge Revivals)* Peter De Bolla,2014-06-03 Since the 1960s the literary critic Harold Bloom has been producing some of the most powerful criticism in the United States This large body of work has since the publication of *The Anxiety of Influence* in 1973 increasingly distanced itself from all critical vogues be they psychoanalytic post structuralist or new formalist in favour of a highly idiosyncratic poetic theory First published in 1988 this title was the first to engage with this unique approach in order to extend and amplify its most crucial insights about the nature of rhetoric as it functions both in poetry and in poetic theory The underlying argument is for a historical conception of rhetoric for an extension of Bloom s diachronic rhetoric towards historical rhetoric *Seeing the Word* Håkan Håkansson,2001 **The Mysteries of Magic** Éliphas Lévi,Arthur Edward Waite,1886 **The Kingdom of the Occult** Walter Martin,Jill Martin Rische,Van Gorden Kurt,Kevin Rische,2008-10-21 *The Kingdom of the Occult* delivers the timely followup to Dr Martin s best selling *The Kingdom of the Cults* This book takes Dr Walter Martin s comprehensive knowledge and his dynamic teaching style and forges a strong weapon against the world of

The Theosophist ,1888

The Sacred Life of Modernist Literature Allan Kilner-Johnson,2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book s principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation
