The X Pilot Deep Throat

Aaron Gulyas

The X Pilot Deep Throat:

The Paranormal and the Paranoid Aaron Gulyas, 2015-06-11 Toward the end of the twentieth century science fiction television took a dark turn. Series like *The X-Files*, *Millennium* and *Dark Skies* wove menacing technologies, paranormal forces and shadowy government agencies into complex tales of corruption and cover-ups. Mind control, alien abductions, secret government laboratories and implacable men in black moved from the fringes to the mainstream of American culture, making weekly appearances in living rooms everywhere. Other series that played on fears of new technologies such as virtual reality set the stage for unfamiliar kinds of exploitation, while *Dark Angel* offered glimpses of a near future wasteland devastated by a technological catastrophe. In *The Paranormal and the Paranoid*, Conspiratorial Science Fiction Television, Aaron John Gulyas explores the themes that permeated and defined science fiction television at the turn of the millennium. The author traces the roots of this phenomenon in an earlier generation of series including *The Invaders*, *Kolchak: The Night Stalker* and *Project U.F.O.* and examines how changes in the cultural landscape led to the proliferation of these types of shows. This book delves into the internal mythology of shows like *The X-Files*, resurrects now forgotten series like *Wild Palms* and *VR 5* and provides an important glimpse into American culture at the close of the twentieth century. While exploring the pervasive grimness of these shows, Gulyas also examines how they offer hope in the form of heroes like agents Scully and Mulder who relentlessly dug through the tissue of lies and distortions to find and expose the truth. *The Paranormal and the Paranoid* will appeal to scholars of media studies, sociology and science fiction, not to mention fans of these programs and even conspiracy theorists.

The X-Files Natalie Clubb, 2016-05-11 From abductions to cloning, the black oil to alien human hybridization, follow the epic journey of two agents battling to discover the truth, whatever the cost. Includes exclusive interview including Chris Carter, David Duchovny, William B. Davis and the inside story of the making of the first episode. This volume collects together some of the best features and interviews from *The Official X-Files Magazine* to celebrate one of the greatest conspiracy theories of all time.

The Unauthorized X-cyclopedia James Howard Hatfield, James Hatfield, 1997 From creepy cult favorite to prime time phenomenon, the award-winning TV series *The X-Files* has taken America by storm. Now here is the ultimate reference guide for the millions of fans of this extraordinary show. From Anasazi to Zirinka, readers can find every person, place and thing in the *X-Files* universe, including complete information on every episode through the fourth season.

Bowker's Complete Video Directory, 1999, 1999 *Laser Video Guide*, 1997 The complete laser disc catalog: movies, music and special interest, including karaoke and animation. *Fandom, the Next Generation* Bridget Kies, Megan Connor, 2022-08-17 This collection is the first to offer a close study of fan generations, which are defined not only by fans' ages but by their entry point into a canon or their personal politics. As reboot culture continues and franchises continue expanding over time, and as new technologies enable easier access to older media, *Fandom, the Next Generation* offers a necessary investigation into transgenerational fandoms and intergenerational fan relationships.
